Investigation Station	2:30 PM	X					X	X	
Evening at Potwisha	7:30 PM					X			

Talks

Meet at the flagpole of the Foothills visitor Center for a 20 minute chat.

Critter Chat

Bears, deer, and other wildlife abound in the Oak Woodlands of the Sequoia Foothills. Get to know some of the creatures that live in the most diverse ecosystem in California.

Activities

Investigation Station

What can an animal's teeth tell us? What does a wild cucumber look like? Come investigate the plants and animals of the foothills and discover their stories. Drop in at the Foothills Visitor Center from 2:30 pm to 3:30 pm to learn more about life in the foothills.

Evenings at Potwisha

Meet at the Potwisha Campfire Circle. 1 hour.

Night Hike

The dark can be scary for some. Many Sequoia animals have special senses to guide them through the night. Join Ranger Tim Lutterman for a walk in the dark to discover how other critters live at night, and what we can do to navigate the Sequoia Foothills if we venture out after sunset.

1 hour, ½ mile, easy walk. Bring a flashlight.
