Program Description

Birding 101

Do you dream of being the next John James Audubon or Roger Tory Peterson, but you can't figure out where to start? Come to the lobby of the John Muir Lodge for this 1-hour talk, which will give you the tools you need to start identifying and appreciating the birds with whom we share the world.

Grant Tree Walk

This easy 1 hour, 1/2 mile walk through the sequoia grove is suitable for all ages and fitness levels. Learn about the giant sequoias and why people have been coming to Grant Grove for over 100 years. Meet in the Grant Tree parking lot.

Why our National Park is "Stressed Out"

Historically, loggers, miners, ranchers and developers were the biggest threats to the unique plants and animals found in Kings Canyon National Park. Today, Sierra Nevada ecosystems have much bigger problems. This 1-hour program in the lobby of the John Muir Lodge will give you insight into these wild communities and show you simple ways that you can help to 'ease the stress'.

ALL RANGER PROGRAMS ARE FREE AND OPEN TO THE PUBLIC
