Meadow Meander: Yes, the trees are the most famous inhabitants of these parks, but the places where the trees don't grow are also important. Find out why in this easy stroll around the meadow. Meet in front of the visitor center. *1 hour, 1/2 mile walk.*

Ranger in the Grove: How big? How old? What happens in a fire? Look for a ranger or volunteer naturalist along the Grant Tree Trail to have your giant sequoia questions answered. *Informal, ongoing.*
