10:00-2:00 Why Birds Matter

## Program Descriptions

**Big Tree Talk:** Meet a ranger at the base of the General Grant Tree to find out what it takes to be one of the largest trees on earth. *20 minutes.*

**Grant Tree Walk:** Learn about the giant sequoias and why people have been coming to Grant Grove for centuries. Meet a ranger in the Grant Tree parking lot. This easy stroll through the grove is suitable for all ages and fitness levels. *1 hour, ½ mile.*

### Why Birds Matter!

Meet the wildlife biologist in front of the Kings Canyon Visitor Center.

You've heard the sayings...as happy as a lark, as silly as a goose, as proud as a peacock, and as wise as an owl! Discover the many ways birds are important to the earth, to ecosystems, and to YOU! Come celebrate International Migratory Bird Day with us. Free materials, bird stories, and basics on local birds will be provided. Join Wildlife Biologist Jeff Cordes, USFS, to learn more about migratory birds and their importance in conservation. *Available between 10 am and 2 pm.*

*Programs may change due to weather or other events. Check the visitor center for the most up-to-date program schedule.*
