Turn left onto Wildcat Ridge Trail, hiking 0.1 mile to the parking area.

Notes

Doyles River Cabin is available for rent from the Potomac Appalachian Trail Club (www.patc.net). You must make your reservation prior to your trip.

Do not plan your trip from mid-May through mid-July! While the AT is always busy, this is when the north-bound thru-hikers come through Shenandoah and there will not be any camping available at the huts.

Options

To make this a winter trip when Skyline Drive is closed, you'll need to use the cabin (the campground will be closed) then exit at Madison Run Fire Road Boundary (State Route 663). On your last day leave the hut, hike north a short distance on the AT, then take Trayfoot Mountain Trail, Furnace Mountain Trail, and Madison Run Fire Road to reach the boundary. Be sure you have a good map along if you might take this route.
