

**THE HOMESTEAD WASTEWATER DISPOSAL ENVIRONMENTAL ASSESSMENT
ERRATA SHEET**

- 1) The private lands to the north of Sunset Trail (Armbrecht and Crane properties) were not shown on the maps (Figures 3, 4A, 5, 10a, 10b, 11a, and 11b). These private properties were identified on page 3-10, but were inadvertently omitted from the maps. The attached map identifies the location of these properties.
- 2) Waters of Lake Michigan offshore of the park have been designated as an “Outstanding State Resource Water.” We were unaware of this designation. All future documents prepared by the park will address this designation, when applicable.
