KSA #3: Knowledge of natural and cultural resources and backcountry management.

Please note this factor is assessing your knowledge of the fields of natural and cultural resource management and backcountry management, not law enforcement skills associated with protecting those resources.

_____ A. From the descriptions 1-4 below, please select the one response that best describes your education in natural or cultural resources or backcountry management:

- 1) I have not completed any courses or training related to this
- 2) I have some education but less than 15 semester hours or equivalent in course work or training related to this field
- 3) I have at least 15 semester hours or equivalent in course work or training related to this field
- 4) I have a bachelor's degree or higher with a major field of study in this area or the equivalent.

B. Briefly describe any natural, cultural or backcountry management projects that you have completed:

_____ C. For the project identified above, please select from 1-5 below, the response that best describe the independence with which you worked. If you described more than one project, base your response on the project that represents your highest level of independence:

1. I have never performed this type of work.
2. I completed the project under close on-site supervision
3. I completed the project independently with little on-site supervision.
4. I identified the need and requirements for the project and completed it independently with little or no supervision.
5. I led or trained others in completing the project.
