Pennsylvania Railroad, Boxcar #105808. C105808, 81567

Boxcar #105808 Class: XM. PRR Class X26c. Series: 104260-107759. Built as a wooden boxcar December 1919; original number not known. Part of a group of wood boxcars rebuilt into exterior steel cars in the Pennsylvania Railroad Shops, 1945-1950. After the rebuild, given the number 105808. Standard 40-foot boxcar. Rebuilt a second time by Morrison Railway Supply about 1964 and purchased from that company by the Vermont Railway, renumbered to VTR #503. Acquired by Nelson Blount when the Vermont Railway purchased larger boxcars. Painted and lettered to PRR usage in 1991 and repainted in 1999.
