They have now been transferred into the Harrisburg Civil War Round Table Collection since they were donated by or through the good offices of members of the Round Table. They are thus no longer filed on the shelves under their own names but are now in the Round Table boxes, comparably to the many discrete sub-entries of the Civil War Times Illustrated Collection.

Dear Brother & Sister;

I take an to drop you a few lines to let you know how I am getting along; the first and second But then after our Regt. left Tebbetson on the morning of the 13 of January for Columbia 40 miles distant and after a tiresome march of 4 days we arrived at ours place of destination; we encamped there one day; and then we received marching orders for Somerset 60 miles east of Columbia; we left Columbia on the 18th and after a march of 8 days we arrived safely at this place; we traveled over the worst road and thought one of the most god forsaken looking country I ever seen, you may judge the condition of the road when in 2 days we marched But 3 miles; I think if old Jeffs confederacy composed of such hard and such Wommen or Ladys, it's no wonder that his men don't fight better our regt is encamped one mile from the late Battle field I suppose you have long since heard of the great battle that was fought here on the 19th between Gen G Thomas and Zollicoffer, I will give you some of the particulars such as I have learned from men that where in the fight; old Colly was encamped about 8 miles from this place and had by all accounts one of the strongest intrenched camps in the whole country; But his men became too eager for the fray with the Union troops, and hearing that heavy reinforcements were

This will be the first battle of the grand army of Confederates, there are a great number of troops here at this time and in the course of three days there will be seventy five thousand more at this place a grand review will take place on Tuesday next. Gen Longstreet & Gen Hill, have the rebels at Harrisonburg, Rockingham Co. there has considerably quite a panic in camp last night, on account of the news received that the rebels had burned a bridge near Richmond Springfield, a place 9 miles east of this place, 21 pounds of cartridges were issued to the Regiment the last of the week, but the cap would not sound fire this time, I have not heard any thing more of the Yanks since the fight, I think we will have a little fighting in the course of a few days, I must close by saying that I am well and hope that you are the same, Write soon and tell me how you like soldiering, what you are doing, and all the news, write as soon as you get this, direct to Co. Dear Brother I am now spending my golden days if I never did before, for last week I was ordered to the recruiting station at Massillon, and I have but little to doe but Loafe around town, and get men to enlist and Board at the best hotell in the city. I was glad to hear that Father and Mother where well and that all the Boys where at home, and doing well and as for Uriah, if he wants to enlist I will give him a piece of advice: Let him enlist in the regular army, its onely for three years and ~~Aften~~ if he has the instincts of a Soldier. By good conduct and attention to duty he can easy rise to the possision of a Non commissioned officer and the law provides that from this day Meritorious men may be selected as the wants of the service may require it for promotion to the ranks of commissioned officers. and if he is Bount to enlist by all means enlist in the 18th U.S. Regt which when full will be the largest and best equipt regiment in the servic Dear Brother and Sister I must close By saying that I am well and hope that these few lines may finde you all enjoying the same blessing I remain your affectionate Brother till death

Well times are very dull this winter there is no work and no money and what money ther is, aint worth much. I have never seen such times before, wheat, has fell 75 cts on the bushel since the election of old Abe (Joe) and every thing else in proportion (going) times are truley deplorible; but thank fortune we have enough to eat and wear if we havent any thing else. War, Secession, and South Carlina is in every ones mouth the subject is discused on every corner and lane. Truley the little cotton State onced in the course of her ill spent life time has caused herself to be noticed. But I hope the South will pause and take one sober thought before this break up this glorious Union for ever; for the people here as a general thing are willing to make almost any

But of course there are some few Rebelous followers of old Abe who talk of going down south and whip the little cotton State one morning before Breakfast and then if the rest of the South says agreed to whip them till noon and then come home and eat there dinner on there own fair fields of freedom; But this you know is easier said then done.

But let us hope that better days are not far off. I must bring my lines to a close by saying that I am well and hope these few lines may finde you all enjoying the same blessing as more but remain Yours as ever affectionate Brother.

I take my pen in hand to inform you that I am well, and hope that these few lines may find you all enjoying the same blessing. Bailey & have at last got out of old Butler Co, but not quite as soon as I had expected, for I had a pretty hard time of it last week, for on Monday I took the bilious fever, which kept me in bed till Friday last time that I have been standing fast, and today I feel quite well again only a little weak, and will soon be able to work. I left Hamilton yesterday morning at 7 O'clock and at half past 9 I was in the city of Sidney, and in about 15 minutes from I was in the Junction Railroad of Clinton, and from there I went to Jefferson, and roamed on my old stamping ground, I met the boys they are all well, and glad to see me. [B-GEN ROBERT L. McCOOK KILLED 27 JULY 62' ON HAZEL GROVE & WINCHESTER ROAD]

Camp on Elk Creek. Grundy Co Tenn.
August 24th 1862

Dear Brother & Sister.

Your favors of the 13th of July came to hand a few days ago, and also one from Brother Quick. I was glad to here from you all, and to her that you were all well; I wrote a letter to Father, some time back; since then we have moved out here some 2 miles east of Whinchester, and we are now encamped at the foot of the Southern range of the Cumberland Mountains; it is reported that the Rebels are in strong force on the east side of the mount some 15 Miles distance, and I am inclined to think that we will pay them a visit some of these morning there are no troops here except Thomas's Division but perhaps they will become impatient, and pay us a visit similar to the one at Mill Springs, but if they do we will make them skedadle across the mount ain, faster than they did across the Cumberland river. The rebels have made several ineffectual attempts to cut off our supplies Between this and Nashville. But if they should for a time succeed, that would
