Welcome, Introductions, and Purpose
It was expressed to attendees that the purpose of the Interpretive Plan is to initiate a long-range vision for the interpretive programming of this trail, and to identify a number of actions necessary for implementing that interpretive vision. The purpose of this stakeholder workshop is to initiate the interpretive plan by gathering information from stakeholders regarding the stories, places (or resources) and potential visitor experiences. The meeting was interactive with the consultant team asking a series of questions to the attendees and then recording feedback on flip charts. To facilitate in the understanding of the trail’s significance and past initiatives, project overview boards hung around the room providing answers to the following questions:
A. What is the purpose and significance of the Star-Spangled Banner National Historic Trail?
B. Where is the Star-Spangled Banner National Historic Trail?
C. Who is involved in the Star-Spangled Banner National Historic Trail and what other initiatives are occurring?
D. Why an interpretive plan, and how will it be used?
E. How is this workshop incorporated into the Interpretive Planning process?

Attendees were provided handouts: 1) The Star-Spangled Banner National Historic Trail Information Sheet; 2) A copy of two of the project overview boards (A and D/E); 3) the Star-Spangled Banner National Historic Trail NPS Unigrid Brochure; and 4) the Star-Spangled Banner Trail War of 1812 Chesapeake Campaign Driving Map. The attendees were asked to introduce themselves and answer the following question:

1. What challenges and opportunities do you foresee associated with interpreting the Star-Spangled Banner National Historic Trail in the Baltimore area?

Challenges
• Getting adults to know the story
• Disparate groups telling one cohesive story
• General population is unaware of these resources
• Transportation/ physical linkages between the sites and resources
• Involving all stakeholders/ partners
• Having an integrated interpretive message at diverse sites
- Telling the story in a positive manner
- Recognition of the “forgotten war” to adults and children
- Clarifying the many “Star Spangled” resources/ events/ designations
- Telling the importance of this War in our country’s history; funding may be challenged due to this
- Transportation, especially for school children
- How to best learn/ “plan your trip”/ to identify the best experiences for the Star-Spangled experience; what media can provide a central resource?
- Telling a relevant story to African American youth

**Opportunities**

- To teach the parents by teaching the children
- Re-create “signaling to Bogden Hill” as an historically accurate activity
- Education and tourism opportunity for children
- Integrate history into a recreational facility
- Making history relevant to Baltimore city schools/ children
- Connect history with/ natural resources and with recreational users
- The resources do still exist to tell the story
- This effort can include minority and diverse audiences
- Communication to students/ teacher
- Relevant to and incorporates the general visitor/ the “accidental tourist”
- Coalescing all of these stories and telling them to local visitors in a simple manner/ easy to understand
- To bring hidden/ misinformation to light (Fell’s Point/ Federal Hill); to engage the community in telling these stories and elevating “pride in place”
- Outreach/ education to all ages (especially Baltimore’s importance)
- Education for “teach visitor experiences”, special those from throughout the United States
- Relevancy of the many outcomes for adults and students
- Life-long learning experiences for all ages/ users

**Additional Group Comments:**
