UNITED STATES DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Dry Tortugas National Park

Proposal to Provide **Passenger Ferry, Interpretive Tours and Equipment Rentals**
within **Dry Tortugas National Park**

CONCESSION CONTRACT NO. **CC-DRTO001-21**

PROPOSAL INSTRUCTIONS

1) Response Requirements for Submission of Proposal

- a) This Prospectus is issued under the authority of 36 C.F.R. Part 51 (incorporated by reference herein). In the event of any inconsistency between the terms of this Prospectus and 36 C.F.R. Part 51, 36 C.F.R. Part 51 will control. The Service presumes that all persons that submit a proposal in response to this Prospectus are informed of the provisions of 36 C.F.R. Part 51.
- b) Offerors must notify the Service of your intent to submit a proposal no later than the due date and time shown on the inside cover of this Prospectus for such notice. The Service will not accept proposals from entities that do not provide notice on or before the date and time shown on the inside cover of this Prospectus.**
- c) Proposals for the draft contract must be received by the due date and time shown on the inside cover of this Prospectus.
- d) Only an Offeror submitting a responsive proposal is eligible to be awarded the new concession contract. A responsive proposal means a timely submitted proposal that is determined by the Service as agreeing to all of the minimum requirements of the draft concession contract and Prospectus and as having provided the information required by the Prospectus.
- e) Information "required by the Prospectus" refers to information expressly required by the Prospectus and that is material, as determined by the Service, to an effective evaluation of the proposal under the applicable selection factor.

2) Form in Which Proposal Must be Submitted

- a) Offerors must follow the format provided in the Proposal Package, including in its entirety without alteration the "Offeror's Transmittal Letter," in applying for the concession opportunity. Failure to submit a signed Offeror's Transmittal Letter without alteration (except for filling in the indicated blanks) will make your proposal non-responsive.
- b) Please number each page and section in your completed proposal. Add information to your proposal only to the extent that it is necessary and relevant to respond to the factor. Each page should have a heading identifying the selection factor and subfactor to which the information contained on the page responds. It is important that your response stays within the organizational framework in the Proposal Package and provides all relevant information directly in response to each selection factor. The Service may consider relevant information contained elsewhere in a proposal in assessing the proposal's response to each particular selection factor.
- c) Where page limits are set out in the Proposal Package, the Service will not review or consider the information on any pages that exceed the page limitations stated, including attachments, appendices, or other additional materials the Offeror submits. The Service would like to see clear and concise answers. A longer answer will not necessarily be considered a better answer.
- d) The Service considers text on two sides of one sheet of paper as two pages.
- e) Offerors must use letter-size paper unless a subfactor asks for schematics or drawings, where Offerors may use legal or ledger-size paper. Offerors must use 11 or 12 point font for all text within the proposal, including all tables, charts, graphs, and provided forms. The Service will accept images of sample material with smaller fonts. Page margins must be 1 inch.
- f) Offerors must use normal sized font, such as 11 or 12 point, and 1 inch margins on all sides, in the body of the proposal. This standard also applies to all tables, charts, graphs, and provided forms. The Service will accept images of sample material using less than 11 point font.

3) Submission Protocol

- a) Submit ~~six~~ (6) identical hard copies and one electronic copy, identical to the hard copy. In order to facilitate discussion and review of proposals among evaluation panel members, the electronic copy must be in a format that can be shared, copied, and passed easily. Microsoft Office programs or an

Adobe PDF electronic version that allows for copying and pasting of text using Adobe Reader software are acceptable. However, you must provide all financial spreadsheets in Microsoft Excel in the format provided. In the event of a discrepancy between the electronic copy and the hard copies, information on the hard copies will control.

- b) Enclose copies in a sealed container with the following marked on the exterior:
 - (1) "CONCESSION PROPOSAL, MAILROOM DO NOT OPEN"
 - (2) The due date specified in the Prospectus for receipt of the proposal by the Service.
 - (3) The name and address of the Offeror.
- c) The Service, at the appropriate address, must receive proposals by the time and date shown on the inside cover of this Prospectus.
- d) The Service will not accept a proposal or any part of a proposal by electronic mail or facsimile transmission.

4) Proposals Considered Public Documents

- a) All proposals submitted in response to this Prospectus may be disclosed by the Service to any person, upon request, to the extent required or authorized by the Freedom of Information Act (5 U.S.C. § 552).
- b) If you believe that your proposal contains trade secrets or confidential commercial or financial information exempt from disclosure under the Freedom of Information Act, mark the cover page of each copy of the proposal with the following legend:

The information specifically identified on pages of this proposal constitutes trade secrets or confidential commercial or financial information that the Offeror believes to be exempt from disclosure under the Freedom of Information Act. The Offeror requests that this information not be disclosed to the public, except as may be required by law.

You must specifically identify what you consider to be trade secret information or confidential commercial or financial information on the page of the proposal on which it appears, and you must mark each such page with the following legend:

This page contains trade secrets or confidential commercial and financial information that the Offeror believes to be exempt from disclosure under the Freedom of Information Act, and which is subject to the legend contained on the cover page of this proposal.

- c) Information so identified will not be made public by the Service except in accordance with law.

5) Questions

If you do not understand something in this Prospectus, you must submit your questions via email to the contact person noted on the inside cover of the Prospectus, no later than the date specified on the inside cover of the Prospectus. The questions must be in a format that allows the Service to copy the questions to Microsoft Word. Microsoft Office programs or an Adobe PDF electronic version that allows for copying and pasting of text using Adobe Reader software are acceptable. Your questions must specify the section of the Prospectus that is the subject of your inquiry. If you do not reference the specific section of the Prospectus, your questions may not be answered. The Service will respond to your questions, as appropriate, in writing, and will provide the questions and responses to all potential Offerors who have requested a Prospectus. Questions submitted after this date may not be answered. (36 C.F.R. Part 51)

6) Evaluation of Proposals

- a) The Service will apply the principal selection factors and secondary factors as set forth in 36 C.F.R. Part 51 by assessing each timely proposal under each of the selection factors on the basis of a narrative explanation discussing any subfactors when applicable and other supporting information.
- b) For each selection factor, the Service will assign a score that reflects the determined merits of the proposal under the applicable selection factor and in comparison to the other proposals received, if any. The Service will give equal weight to each subfactor under a given selection factor, unless otherwise expressly stated.

The first four principal factors will be scored from zero to five. The fifth principal selection factor will be scored from zero to four (with a score of one for agreeing to the minimum franchise fee contained in the Prospectus). Secondary Selection Factor 1 will be scored from zero to three. [Secondary Selection Factor 2 will be scored from zero to three.] The Service then will assign a cumulative point score to each proposal based on the assigned score for each selection factor.

- c) Principal Selection Factors. The five principal selection factors are:

Principal Selection Factor 1. The responsiveness of the proposal to the objectives, as described in the Prospectus, of protecting, conserving, and preserving resources of the park.

Principal Selection Factor 2. The responsiveness of the proposal to the objectives, as described in the Prospectus, of providing necessary and appropriate visitor services at reasonable rates;

Principal Selection Factor 3. The experience and related background of the Offeror, including the past performance and expertise of the Offeror in providing the same or similar visitor services as those to be provided under the new concession contract;

Principal Selection Factor 4. The financial capability of the Offeror to carry out its proposal; and

Principal Selection Factor 5. The amount of the proposed minimum franchise fee and other forms of financial consideration to the Service. Consideration of revenue to the United States will be subordinate to the objectives of protecting, conserving, and preserving resources of the park and of providing necessary and appropriate visitor services to the public at reasonable rates.

- d) Secondary Selection Factors. The secondary selection factors are:

Secondary Selection Factor 1. The quality of the Offeror's proposal to conduct its operations in a manner that furthers the protection, conservation, and preservation of the park and other resources.

[Secondary selection factor 2. The performance characteristics of the vessel to protect the air and water quality of the park.]

7) Process of Selecting the Best Proposal

The Service will select the responsive proposal with the highest cumulative point score as the best proposal. If two or more responsive proposals receive the same highest point score, then the Service will select as the best proposal (from among the responsive proposals with the same highest point score) the responsive proposal that the Service determines on the basis of a narrative explanation will, on an overall basis, best achieve the purposes of 36 C.F.R. Part 51. Consideration of revenue to the United States in this determination and in scoring proposals under Principal Selection Factor 5 will be subordinate to the objectives of protecting, conserving and preserving resources of the park area and of providing necessary and appropriate visitor services to the public at reasonable rates (36 C.F.R. §51.16(c)).

8) Availability of a Debriefing

Offerors may request in writing either a pre- or post-award debriefing after receiving the Notification of Selection/Non-Selection letter. A pre-award debriefing occurs after the selection of the best proposal that was timely submitted and responsive, but before award of the concession contract. Award of a concession contract does not occur until the competitive process has been completed and both the selected Offeror and the Service have signed the concession contract (36 C.F.R. Part 51). If Offerors wish to request a debriefing, a written request for either a pre- or post-award debriefing must be received within 14 calendar days from receiving the Notification of Selection/Non-Selection letter. The

Service will make every effort to debrief Offerors as soon as practicable after receiving a request. Circumstances may cause a pre-award debriefing to be delayed until after the contract award. If a pre-award debriefing is delayed until after contract award, the Service will provide a post-award debriefing. A debriefing is not an opportunity for negotiation, amendment, supplementation or reevaluation of any proposal.

9) Preferred Offeror Determinations

Section 403 of the National Park Service Concessions Improvement Act (P.L. 105-391) includes a preference for a preferred Offeror to the award of a qualified concession contract.

Under the provisions of 36 C.F.R. Part 51, Subparts E and F, the Service has determined that this is not a qualified concession contract, and, therefore, no preferred Offeror for this contract exists.

10) Congressional Notice Period

Concession contracts issued for a term of more than ten years, or when the annual gross receipts are anticipated to exceed \$5,000,000, are required by law to be submitted to the Congress for sixty days before they may be awarded. The new concession contract will be submitted to the Congress because annual gross receipts are anticipated to exceed \$5,000,000.]

11) Cautions to Offerors about Submission and Evaluation of Proposals

- a) All information regarding this Prospectus will be issued in writing. No Service representative or other government official is authorized to make substantive oral representations relating to this matter, and no Offeror should rely on any oral representations made by government officials with respect to this transaction.
- b) The attached draft contract and its exhibits set forth the terms and conditions under which the concession operation is to be conducted. The Service may amend a Prospectus or extend the submission date, or both, prior to and on the proposal due date. The Service also may cancel a solicitation at any time before the award of the concession contract if the Service determines in its discretion that this action is appropriate in the public interest. No Offeror or other person will obtain compensable or other legal rights as a result of an amended, extended, canceled, or reissued solicitation for this concession contract (36 C.F.R. § 51.11).
- c) Unless otherwise expressly stated, the draft concession contract does not permit the provision of visitor services by the concessioner through subconcession or other third party agreements, including management agreements. Accordingly, the entity that is to be the concessioner under the draft concession contract, unless the contract expressly states to the contrary, must have the capability to provide all visitor services under the draft concession contract without the assistance of third parties. Joint ventures, partnerships, and other business entities are permitted.
- d) Except as provided under 36 C.F.R. §51.4, the terms, conditions and determinations of this Prospectus and the terms and conditions of the draft concession contract as described in this Prospectus, including, without limitation, its minimum franchise fee, are not final until the concession contract is awarded.
- e) This Prospectus includes the selection factors to be used by the Service to evaluate proposals. Under each factor, the Service may identify subfactors to ensure that all elements of the factor are considered. You, the Offeror, should ensure that you fully address all of the selection factors and related subfactors.
- f) This Prospectus and related documents reflect the views and objectives of the Service with regard to the proposed concession operation. Should you believe any statement in the Prospectus to be inaccurate, you must submit comments to the Service in writing, **no later than the date specified** on the inside cover of the Prospectus. Send your comments to the office named on the inside cover of this Prospectus for the receipt of proposals.
- g) The information in this Prospectus, including the Appendices, is provided to allow Offerors to understand the operations and terms of the new concession contract. Offerors are encouraged to

thoroughly review all information and required submittal documents before beginning to prepare a proposal.

- h) Offerors are responsible for undertaking appropriate due diligence with respect to this business opportunity. All of the statements made in this Prospectus regarding the nature of the business and its likely future are only opinions of the Service. Offerors may not rely on any representations of the Service in this regard.
- i) A proposal to expand the scope of investment, facilities, services, and/or Leasehold Surrender Interest, beyond those called for in this Prospectus will not be considered in the evaluation of proposals.
- j) A proposal to provide direct or indirect monetary or other benefits to the Park or government not within the scope or requirements of the contract will not be considered in the evaluation of proposals.
- k) If you propose to make any financial commitments and considerations in response to any selection factor, your proposal will be closely reviewed and analyzed against your financial statements and supporting documents with appropriate review of feasibility. Such documents reviewed and analyzed will include but not be limited to the Business Organization and Credit Information, pro forma income statements, audited or reviewed financial statements, and balance sheets contained in your proposal.
- l) The proposal and related materials submitted should reflect the entire proposal you are making. The Service will consider your written submission as your full and final proposal in response to the Prospectus, and will make its selection based on the written information you have submitted and other appropriate information. Do not assume that the Service knows anything about you or your proposal. Do not assume that any information about you or your proposal, any previous correspondence or previous submissions are in the possession of or will be considered by the Service. This is true even if you are the current concessioner or have operated another concession within the park area or National Park System. In making its selection of the best proposal submitted in response to the Prospectus, the Service has the right, but not the obligation, to consider any other information relating to the matter.
- m) Document delivery services, including overnight delivery, to some areas may not provide true overnight delivery. Offerors are encouraged to ensure the timely submittal of proposals by contacting the delivery service of their choice regarding delivery availability for the specific location identified on the inside cover of this Prospectus.
- n) The Service may request from any Offeror who has submitted a timely proposal a written clarification of its proposal. Clarification refers to making clear any ambiguities that may have been contained in a proposal, but does not include amendment or supplementation of a proposal. An Offeror may not amend or supplement a proposal after the submission date unless requested by the Service to do so, and unless the Service provides all Offerors that submitted proposals a similar opportunity to amend or supplement their proposals.
- o) The selected Offeror must execute the concession contract promptly after the selection of the best proposal and within the time period specified by the Service. Any questions or clarifications related to the contract for execution must be submitted as soon as possible by the selected Offeror so that the Selected Offeror executes the contract within the time period specified. If the selected Offeror fails to execute the concession contract within the time period specified by the Service, the Service may select another responsive proposal for award of the concession contract, or will cancel the selection and may re-solicit the concession contract (36 C.F.R. Part 51).
- p) The Service, in accordance with 36 C.F.R. Part 51, may include as terms of the draft concession contract, appropriate elements of the proposal selected for award of the concession contract, including, without limitation, investments, facilities, services, and other commitments.
