

Attachment 3

FOOD AND BEVERAGE

REQUIREMENTS	NOTES
<p>1. Accessible Food and Restaurant Service is provided for people with disabilities at dining area tables, food service lines, and condiment and beverage bars, and restrooms in restaurants, bars, or other establishments where food or drinks are sold. Some accessible tables must be provided and dispersed throughout the dining area rather than clustered in a single location. In restaurants or bars with only standing tables, some accessible dining tables must be provided. If it is not readily achievable to construct an accessible route to raised or sunken dining areas or outdoor dining areas, and distinct services are available in these areas, the restaurant must make these services available at the same price in the dining areas that are on an accessible route. Accommodations for guests requiring assistance in reading and understanding the menus must be provided.</p>	
<p>2. Accessible Food Service Seating is provided at each accessible table to accommodate people using wheelchairs. Movable chairs can be used for these tables and the movable chairs can be removed when customers using wheelchairs use the table(s). If tables are provided, such as in restaurants and snack bars, and the tables are attached to the wall or floor (fixed), then 5% of the tables or at least one (if less than 20 are provided) must be accessible. The accessible seating should not be segregated, but integrated within the dining area where possible. The same requirements apply to fixed tables in outdoor areas such as picnic areas, playgrounds, or patios.</p>	
<p>3. General Provisions are met.</p>	
<p>4. NPS Service Standards that address accessibility in addition to the above requirements are met.</p>	
<p>5. NPS Accessibility Policy requirements applicable to the Service are met.</p>	
<p>6. Concession Contract Terms that specify other accessibility requirements are met.</p>	

Note: This checklist identifies key accessibility requirements for use by NPS Concession Specialists in understanding and evaluating concession facilities and operations. It is not a comprehensive listing of all accessibility requirements. Concessioners are responsible for understanding and complying with all Applicable Laws and Concession Contract terms.
