PROPOSAL PACKAGE

CC-FIIS003-23

Department of the Interior

National Park Service
Fire Island National Seashore

Proposal to Operate Passenger Ferry Service between the south shore of Long Island and Sailors Haven Marina
PROPOSAL SUBMISSION TERMS & CONDITIONS

1. The Offeror’s Transmittal Letter set forth below indicates your acceptance of the terms and conditions of the concession opportunity as set forth in this Prospectus. It indicates your intention to comply with the terms and conditions of the Contract. The letter, submitted without alteration, must bear original signatures and be included in the Offeror’s Proposal Package. The National Park Service (Service) will review the entire Proposal Package to determine whether your proposal in fact accepts without condition the terms and conditions of this Prospectus. If it does not accept without condition the terms and conditions of this Prospectus, your proposal may be considered non-responsive, even if you submitted an unconditional Offeror’s Transmittal Letter.

2. The Proposal Package is drafted upon the assumption that an Offeror is the same legal entity that will execute the new concession Contract as the Concessioner. If the entity that is to be the Concessioner is not in existence as of the time of submission of a proposal, the proposal must demonstrate that the individual(s) or organization(s) (hereinafter Offeror-Guarantor) that intends to establish the entity that will become the Concessioner has the ability and is legally obliged to cause the entity to be financially and managerially capable of carrying out the terms of the Contract. In addition, the Offeror-Guarantor must unconditionally state and guarantee in its proposal that the Offeror-Guarantor will provide the Concessioner with all funding, management, and other resources that the Draft Contract requires and the proposal offers.

SELECTION FACTORS

Response Format

1) Please number each page and section in your completed proposal. Add information to your proposal only to the extent that it is necessary and relevant to respond to the selection factor. Each page should have a heading identifying the selection factor and subfactor to which the information contained on the page responds. It is important that your response stays within the organizational framework in the Proposal Package and provides all relevant information directly in response to each selection factor. The Service may consider relevant information contained elsewhere in a proposal in assessing the proposal's response to each particular selection factor.

2) The evaluation panel will only take firm commitments into account when evaluating proposals. Responses that include terms such as “look into,” “research,” “may,” “if feasible,” and similar terms are not considered as firm commitments. In addition, the Service considers responses that include a specific time for commitment implementation as a stronger response. For example, “XXX commits to provide recycling containers in each lodging room by December of 2023.”

3) Where page limits are set out in the Proposal Package, the Service will not review or consider the information on any pages that exceed the page limitations stated, including attachments, appendices, or other additional materials the Offeror submits. The Service would like to see clear and concise answers. A longer answer will not necessarily be considered a better answer.

4) The Service considers text on two sides of one sheet of paper as two pages.

5) Offerors must use letter-size paper unless a subfactor asks for schematics or drawings, in which case Offerors may use legal or ledger-size paper for the schematics or drawings. Offerors must use 11- or 12-point font for all text within the proposal, including all tables, charts, graphs, and provided forms. The Service will accept images of sample material with smaller fonts.

6) Page margins must be 1 inch. Page numbers and identifications of confidential information may appear within the margins.
### PRINCIPAL SELECTION FACTOR 1. THE RESPONSIVENESS OF THE PROPOSAL TO THE OBJECTIVES, AS DESCRIBED IN THE PROSPECTUS, OF PROTECTING, CONSERVING, AND PRESERVING RESOURCES OF THE PARK. (0-5 POINTS)

Note to Offeror: This selection factor is concerned with environmental objectives that relate specifically to the protection of the particular resources of the park area. Environmental objectives for improvement of the natural environment in general (waste reduction, fuel efficiency, recycling, etc.) are addressed under Secondary Selection Factor 1. Please avoid overlap between your response here and your response to the Secondary Selection Factor 1.

**Service Objectives:**

One NPS objective is to protect, preserve and maintain the natural resources of Fire Island National Seashore. Specifically, the NPS would like the concession operations described in this Prospectus to protect the water quality, air quality, soundscape and other natural resources. While Applicable Laws ensure some measure of protection, the NPS is interested in knowing how your proposed operation will be managed to meet the objective.

**Scoring:** The Service will score Subfactor 1(a) up to 3 points, Subfactor 1(b) up to 1 points, and Subfactor 1(c) up to 1 points.

**Subfactor 1(a). Minimizing impacts on the environment of the park area.**

Describe how you will conduct your operations in a manner that will minimize its impacts on the environment of the park area. Among other matters, please discuss how you will ensure that your operations, including customer and employees’ activities, do not adversely impact park resources. Examples include solid waste disposal, hazardous materials spills, proper handling of hazardous chemicals, rodent and pest proliferation.

**Subfactor 1(b). Responsibility for oversight of environmental impacts.**

Identify your operation’s minimum qualifications for the staff member who will be responsible for oversight of the aspects of your operations that may have environmental impacts on the park. If you identify the staff member by name, you must also include minimum qualifications, in order to account for the potential of changes in staffing.

**Subfactor 1(c). Environmentally Preferred Products.**

The National Park Service promotes the use of environmentally preferred products. Products that are toxic, skin irritants, flammable, corrosive, non-biodegradable, or that contain high VOC levels, petroleum and hydrocarbons, ozone-depleting, chlorinated compounds or artificial dyes and fragrances should be avoided when possible. Please describe your specific plans for reducing or eliminating the use of toxic products in your operation for purposes of maintenance, repair and cleaning.
**PRINCIPAL SELECTION FACTOR 2. THE RESPONSIVENESS OF THE PROPOSAL TO THE OBJECTIVES, AS DESCRIBED IN THE PROSPECTUS, OF PROVIDING NECESSARY AND APPROPRIATE VISITOR SERVICES AT REASONABLE RATES. (0 - 5 POINTS)**

**Service Objectives:**
For this selection factor, the Park’s objective is to provide a high-quality visitor experience. The NPS strives to make tickets available to the fully diverse range of potential visitors and desires that the Concessioner will effectively manage its operations to support this objective.

**Scoring:** The Service will score Subfactor 2(a) up to 1 point, Subfactor 2(b) up to 1 point, Subfactor 2(c) up to 2 points, and Subfactor 2(d) up to 1 point.

**Subfactor 2(a). Reservations and Ticketing.**
Describe the reservation and ticketing system you intend to use for this operation including the methods of ticket sales and distribution, and how that will support the Service’s goal of making tickets available to a fully diverse range of potential visitors. Possibilities include Internet sales, printing tickets from home, the use of automated kiosks, will-call windows, in-person sales at a ticket kiosk, telephone sales, and other methods. Describe how your staffing plan will support the reservation and ticketing system.

**Subfactor 2(b). Visitor Experience.**
Provide your specific plans for each of the required and authorized services in Section 2 of the Draft Contract. Please include how you propose to maximize the number of roundtrips to Sailors Haven for maximum visitor service yet still maintain profitability. Also include a description of the boats that you will use in your operations, including age and capacity of the vessel(s), and whether you have any short- or long-range plans to change the boat(s) to be used in the concession operation.

**Subfactor 2(c). Marketing.**
How do you propose to increase visitation to Sailors Haven, especially on the weekdays throughout the entire season and also the weekends during the spring and fall seasons? Answers might include specific ways you would accomplish the following: encouraging repeat visitors, advertising locally and regionally, and promoting educational opportunities for school-aged children and adult organizations.

**Subfactor 2(d). Customer Service.**
Describe the training you will provide to your employees about park resources (the purpose and significance of Fire Island National Seashore, surrounding area and the National Park Service) and customer service (courtesy, appearance, and professionalism of employees).

Describe the systems and practices you will use to seek feedback from customers, including how frequently you will evaluate customer satisfaction.
PRINCIPAL SELECTION FACTOR 3. THE EXPERIENCE AND RELATED BACKGROUND OF THE OFFEROR, INCLUDING THE PAST PERFORMANCE AND EXPERTISE OF THE OFFEROR IN PROVIDING THE SAME OR SIMILAR VISITOR SERVICES AS THOSE TO BE PROVIDED UNDER THE CONCESSION CONTRACT. (0-5 POINTS)

Note to Offeror: To assist the Service in the evaluation of proposals under this and other selection factors, provide the following information regarding the organizational structure of the business entity that will execute the Draft Contract. This organizational structure information will not be scored for selection purposes but may be used for assessing responses to various selection factors. If the Offeror is not yet in existence, the Offeror-Guarantor(s) should describe its own experience and explain how such experience will carry over to the Offeror entity.

Offeror’s Organizational Structure

Clearly explain and define the Offeror’s relationship to any related entities that will affect how the Offeror will perform under the Draft Contract. Identify any individual or business entity that holds or will hold a controlling interest in the Offeror. If the Offeror is an unincorporated sole proprietorship, identify and provide information about the individual who owns and operates the business. If the Offeror is a limited liability company, a partnership, or a joint venture, identify and provide information about each managing member or manager, general partner or venturer, respectively.

Submit your organizational documents (e.g., partnership agreement, articles of incorporation, operating agreement).

Describe in detail how these relationships will work formally and in practice. Use additional pages if the information does not fit within the forms provided.

5) If applicable, the length of Offeror’s existence as a business entity.

If the Offeror is not yet formed, submit a Business Organization Information form for each Offeror-Guarantor.

Subfactor 3(a). Operational Experience (Passenger Ferries)

Demonstrate the Offeror’s experience in providing passenger ferry services similar to those required by the Draft Contract by providing one example of passenger ferry experience. If the Offeror is not yet in existence, demonstrate the Offeror-Guarantor(s) experience and explain how such experience will carry over to the Offeror entity directly. 7) Experience operating in waters with high levels of commercial and other vessel traffic
8) Experience operating in areas with strong currents and winds, tidal fluctuations, and limited visibility

Subfactor 3(b). Offeror’s Marine Casualty History

The safety of an Offeror’s vessel(s) and operations is of paramount importance to the Service. This subfactor addresses an operator’s history and is intended to elicit information to assist the Service in evaluating operational safety. Please note: any information you provide in response to this subfactor will be verified by the Service through, among other sources, the U.S. Coast Guard (USCG) (e.g., by consulting the following website: http://cgmix.uscg.mil/PSIX/Default.aspx). Offerors should also check this website to verify the accuracy of the information with the USCG.

RECORDS RETENTION. TEMPORARY. Destroy/Delete 3 years after closure. (NPS Records Schedule, Commercial Visitor Services, (Item 5D) (N1-79-08-4))
Principal Selection Factor 4. The Financial Capability of the Offeror to Carry Out Its Proposal. (0-5 Points)

Notes to Offeror:

In the event the Offeror is not yet in existence, provide the information described below with respect to both the to-be-formed Offeror and the Offeror-Guarantor(s). The submission must include a letter from each Offeror-Guarantor that unconditionally states and guarantees the Offeror-Guarantor will provide the Offeror with all funding, management and other resources that the Draft Contract requires and the proposal offers. Failure to provide the required documentation may lead to the National Park Service determining your offer is non-responsive and ineligible for award of the Draft Contract.

All forms are provided electronically in Appendix A.2. to the prospectus. The Offeror must complete all forms provided and submit an Excel spreadsheet file.

Scoring: The Service will score Subfactor 4(a) up to 0.5 points, Subfactor 4(b) up to 0.5 points, and Subfactors 4(c) and (d) up to 2 points each.

Subfactor 4(a). Demonstrate that you have a credible, proven track record of meeting your financial obligations. The Offeror (or each Offeror-Guarantor) must provide comprehensive materials to demonstrate that it has a history of meeting its financial obligations by providing the following:

If audited financial statements are not available, explain in detail why they are not available.

If audited financial statements are not available but reviewed statements are, explain why the statements were reviewed rather than audited.

If neither audited nor reviewed statements are available, explain in detail why they are not available and submit:

Certified financial statements. The Offeror (or Offeror-Guarantor(s), as applicable) must submit its financial experience including financial statements that are certified as to accuracy and completeness by an authorized officer of the entity or by the individual Offeror, as appropriate.

If none of the above are available, explain in detail why they are not available and submit:
Personal financial statements. The Offeror (or Offeror-Guarantor(s), as applicable) must submit personal financial statements certified as to accuracy and completeness by the submitting individual for each of the Offeror’s principals (as listed in NPS Form 10-357A).

Subfactor 4(c). Demonstrate that your proposal is financially viable and that you understand the financial obligations of the Draft Contract by providing the following:

Your estimate of the acquisition and start-up costs of this business using the Initial Investment and Start-Up Expense and the Initial Investments and Start-Up Expense Assumptions forms included in the Excel spreadsheets provided as an Appendix to the prospectus. Explain fully the methodology and the assumptions used to develop the estimate. The information provided should be of sufficient detail to allow a reviewer to understand how the estimates were determined. If you are the Existing Concessioner and do not anticipate any additional initial investment or start-up costs, please state that you consider the current personal property and assets adequate to operate this concession opportunity successfully.

Using the Excel spreadsheets provided in Appendix A.2. to the prospectus, complete the Income Statement and Income Statement Assumptions forms and the Cash Flow Statement and the Cash Flow Statement Assumptions forms found in tabs within the Excel workbook. Provide estimates of prospective revenues and expenses of the concession business in the form of annual prospective income and cash flow statements for the entire term of the Draft Contract. Complete the Operating Assumptions tab to explain your financial projections. Also complete the Recapture of Investment and the Recapture of Investment Assumptions forms. Recapture amounts should also be included in the cash flow proforma, not the proforma income statement.

Below are some general notes regarding the provided forms found in the Appendices attached to the Prospectus.

- The Service has provided forms that request the information in the format it desires. These forms may differ from the format and requirements set forth in generally accepted auditing standards (GAAS) with regard to prospective financial statements. The Service does NOT request that the prospective financial statements be reviewed in accordance with GAAS.

- Do not add or eliminate rows on the Excel spreadsheets provided in the appendix. Columns should not be deleted; however, columns may be added to reflect the number of years in the Draft Contract term, if necessary. If you wish to provide additional information, do so in additional spreadsheets, outside of the ones provided. If additional information is provided, clearly identify how it fits into the income statement, cash flow, and/or assumption tables. For the purpose of the pro forma statements, use the calendar year as the fiscal year.

- Provide a clear and concise narrative explanation of the method(s) used to prepare the estimates and the assumptions on which your projections are based. Information must be sufficiently detailed to provide a full understanding of how the estimates were determined.

- Complete all of the forms provided and submit both an electronic Excel workbook file.

Subfactor 4(d). Demonstrate your ability to obtain the required funds for start-up costs under the Draft Contract by providing credible, compelling documentation, particularly evidence from independent sources, such as bank statements, audited or reviewed financial statements, and signed loan commitment letters. Fully explain the financial arrangements you propose, using the following guidelines.

The more definite the terms stated in the documentation, the more credible the Service is likely to find the Offeror’s ability to obtain the required funds.

1) If funds are to be obtained from cash on hand or operating cash flows from the Offeror’s current business, document each source and the availability of these funds by providing your previous and
current audited financial statements for the two most recent fiscal years, with all notes to the financial statements (see 4(b) above if audited financial statements are not available). Depending on the Offeror’s form of entity, provide audited financial statements for any individual Offerors, general partners in a partnership, and all venturers in a joint venture.

2) If the Offeror is not formed and the Offeror-Guarantor is funding the required start-up costs, provide for each Offer-Guarantor the documentation for the appropriate type of Offer-Guarantor (individual, business entity) as described below.

3) If funds are to be obtained from lending institutions (banks, savings and loans, etc.), provide supporting documents including but not limited to documents that describe the approximate amount of the loan, the term of the loan and any proposed encumbrances on the Draft Contract. Include a letter (addressed to the National Park Service from the lender on the lending institution’s letterhead) stating the amount of funds available to the Offeror at the date of the letter. In addition, the letter must outline the Financial Institution’s historical relationship with the Offeror. Specifically, the Financial Institution should provide the following information: number of years of the relationship; description and amount of all credit facilities extended along with their average annual outstanding balance and current outstanding balance; current account balance; and statement of whether the Offeror has met all obligations with the Financial Institution as required.

4) If funds are to be obtained from an individual, or a business entity whose primary fund source is an individual, provide the following as appropriate with respect to such individual:

- Signed funding commitment from the individual (stating the approximate amount of the loan, the term, and any proposed encumbrances on the Draft Contract)
- Current personal financial statement certified as to accuracy and completeness by the individual submitting it
- Current bank/financial institution documents that verify the account(s) and account balance(s) for the primary fund source
- Documentation of any assets to be sold
- Any other assurances or documents that demonstrate that the funds are available

5) If funds are to be obtained from working capital liabilities (such as advance deposits), please provide estimates and a rationale for each estimate. The information provided should be of sufficient detail to allow a reviewer to fully understand how the estimates were determined.

6) If funds are to be obtained from another source (e.g., a business entity whose primary fund source is not an individual), provide the following as appropriate:

- Signed funding commitment from the fund source stating the approximate amount of the loan, the term, and any proposed encumbrances on the Draft Contract
- Current audited financial statements for the most recent year (see 4(b) above if audited financial statements are not available)
- If the current audited financial statements do not evidence that the source has the necessary funds to make the funding commitment, provide additional documentation.
**NOTE**: If the Offeror is obtaining even a part of the necessary funds from another, the Service must be able to determine from the documents submitted that the Offeror is highly likely to obtain either a stated amount or an unlimited amount of funding from an entity with sufficient financial capability to provide the funds.

PRINCIPAL SELECTION FACTOR 5. THE AMOUNT OF THE PROPOSED MINIMUM FRANCHISE FEE AND OTHER FORMS OF FINANCIAL CONSIDERATION TO THE DIRECTOR. (0-4 POINTS)

The minimum franchise fee acceptable to the Service is two percent (2%) of gross receipts.

The offer of a higher franchise fee than this minimum is generally beneficial to the Service and accordingly will generally result in a higher score under this selection factor; however, consideration of revenue to the United States is subordinate to the objectives of protecting, conserving, and preserving resources of the park area and of providing necessary and appropriate visitor services to the public at reasonable rates.

State the amount of franchise fee you propose. Such fee must be at least equal to the minimum franchise fee set forth above. Express this fee as a percentage of annual gross receipts. Do not propose a tiered franchise fee, e.g., 2.0% on the first $10,000 of gross receipts, 3.0% on gross receipts between $10,001 and $25,000, 4.0% on gross receipts from $25,001 and above.

_______ percent of annual gross receipts
SECONDARY SELECTION FACTORS

SECONDARY SELECTION FACTOR 1. THE QUALITY OF THE OFFEROR’S PROPOSAL TO CONDUCT ITS OPERATIONS IN A MANNER THAT FURTHERS THE PROTECTION, CONSERVATION, AND PRESERVATION OF THE PARK AND OTHER RESOURCES THROUGH ENVIRONMENTAL MANAGEMENT PROGRAMS AND ACTIVITIES, INCLUDING, WITHOUT LIMITATION, ENERGY CONSERVATION, WASTE REDUCTION, AND RECYCLING. (0-3 POINTS)

Note to Offeror: This Secondary Selection Factor focuses on environmental management programs and activities that promote general environmental objectives such as waste reduction, green procurement, and recycling. Avoid overlap between your response here and your response to Principal Selection Factor 1.

Describe the Best Management Practices that you will apply in your operation (including, without limitation, the provision of visitor services, construction, maintenance, and acquisition) to further the protection, conservation, and preservation of the park and other resources.

What steps will you take to practice water and energy conservation in daily operations, as well as in the design, construction and/or rehabilitation of ferry boats?

Do you plan to incorporate the use of alternative fuels into your park operations? If so, describe your plans for incorporating them.
