Virgin Islands National Park

To Provide  
**Snorkel and Beach Equipment Rental  
and Instruction at Trunk Bay**

**PROPOSAL SUBMISSION TERMS & CONDITIONS**

1. The Offeror's Transmittal Letter set forth below indicates your acceptance of the terms and conditions of the concession opportunity as set forth in this Prospectus. It indicates your intention to comply with the terms and conditions of the Contract. The letter, submitted without alteration, must bear original signatures and be included in the Offeror's Proposal Package. The National Park Service (Service) will review the entire Proposal Package to determine whether your proposal in fact accepts without condition the terms and conditions of this Prospectus. If it does not accept without condition the terms and conditions of this Prospectus, your proposal may be considered non-responsive, even if you submitted an unconditional Offeror's Transmittal Letter.
2. The Proposal Package is drafted upon the assumption that an Offeror is the same legal entity that will execute the new concession Contract as the Concessioner. If the entity that is to be the Concessioner is not in existence as of the time of submission of a proposal, the proposal must demonstrate that the individual(s) or organization(s) (hereinafter Offeror-Guarantor) that intends to establish the entity that will become the Concessioner has the ability and is legally obliged to cause the entity to be financially and managerially capable of carrying out the terms of the Contract. In addition, the Offeror-Guarantor must unconditionally state and guarantee in its proposal that the Offeror-Guarantor will provide the Concessioner with all funding, management, and other resources that the Draft Contract requires and the proposal offers.

## SELECTION FACTORS

### Response Format

- 1) Please number each page and section in your completed proposal. Add information to your proposal only to the extent that it is necessary and relevant to respond to the selection factor. Each page should have a heading identifying the selection factor and subfactor to which the information contained on the page responds. It is important that your response stays within the organizational framework in the Proposal Package and provides all relevant information directly in response to each selection factor. The Service may consider relevant information contained elsewhere in a proposal in assessing the proposal's response to each particular selection factor.
- 2) The evaluation panel will only take firm commitments into account when evaluating proposals. Responses that include terms such as "look into," "research," "may," "if feasible," and similar terms are not considered as firm commitments. In addition, the Service considers responses that include a specific time for commitment implementation as a stronger response. For example, "XXX commits to provide recycling containers in each lodging room by December of 2017."
- 3) Where page limits are set out in the Proposal Package, the Service will not review or consider the information on any pages that exceed the page limitations stated, including attachments, appendices, or other additional materials the Offeror submits. The Service would like to see clear and concise answers. A longer answer will not necessarily be considered a better answer.
- 4) The Service considers text on two sides of one sheet of paper as two pages.
- 5) Offerors must use letter-size paper unless a subfactor asks for schematics or drawings, in which case Offerors may use legal or ledger-size paper for the schematics or drawings. Offerors must use 11 or 12 point font for all text within the proposal, including all tables, charts, graphs, and provided forms. The Service will accept images of sample material with smaller fonts.
- 6) Page margins must be 1 inch. Page numbers and identifications of confidential information may appear within the margins.

**PRINCIPAL SELECTION FACTOR 1. THE RESPONSIVENESS OF THE PROPOSAL TO THE OBJECTIVES, AS DESCRIBED IN THE PROSPECTUS, OF PROTECTING, CONSERVING, AND PRESERVING RESOURCES OF THE PARK. (0-5 POINTS)****Service Objectives:**

The Service objectives under this factor are to preserve, conserve, and protect natural and cultural Park resources. The Service is interested in ensuring that the Concessioner demonstrates an understanding of its environmental management responsibilities, as visitor services required under the Draft Contract have the potential to impact Park resources both in the water and on land. The Park sees the Concessioner as a partner in educating visitors about Park resources.

**Subfactors****Subfactor 1(a). Protect, Conserve, and Preserve Natural Park Resources**

***Limit your response to no more than two (2) pages for Subfactor 1(a).***

Describe your best management practices to protect, conserve, and preserve Park natural resources, keeping in mind that snorkel rental patrons will traverse sensitive coral reef communities and sea grass beds. Your answer should consider at a minimum the protection of water quality, natural quiet (soundscape), cultural resources, and terrestrial and aquatic wildlife and their habitats.

**Subfactor 1(b). Informing Staff and Park Visitors of Cultural and Natural Park Resources**

***Limit your response to no more than two (2) pages for Subfactor 1(b).***

Describe how you will inform your staff and visitors of the importance of protecting, conserving, and preserving the natural and cultural resources of the Park, including Park rules and regulations relating to protecting and preserving natural and cultural resources. In particular, describe the interpretive message you will provide when issuing snorkel and beach equipment and how this message relates to the theme of the Park in protecting and preserving natural and cultural resources.

**PRINCIPAL SELECTION FACTOR 2. THE RESPONSIVENESS OF THE PROPOSAL TO THE OBJECTIVES, AS DESCRIBED IN THE PROSPECTUS, OF PROVIDING NECESSARY AND APPROPRIATE VISITOR SERVICES AT REASONABLE RATES. (0 - 5 POINTS)****Service Objectives:**

The Service's main objective regarding the visitor services required and authorized by the Draft Contract is for the Concessioner to provide necessary and appropriate services for a diverse visitor population, while offering the best quality service for the price paid by the visitor. The Service believes offering a high-quality visitor experience for diverse user groups (by age, income, family, organized groups, etc.) is important for the successful operation of the concession business.

Though there are many factors that are important in meeting this objective, the Service has chosen to focus on the following areas:

- Use of durable and well-maintained snorkel and beach equipment for rental to the public
- Process in which snorkel equipment will be issued to individuals and tour groups, including proper sizing and instructions on use, and water safety and emergency procedures
- Visitor experience, interpretation, and education

**Subfactor 2(a). Type of Snorkel and Beach Rental Equipment**

***Limit your response to three (3) pages for Subfactor 2(a), not including graphics, schematics, and photos.***

The Service would like to provide the Concessioner some degree of flexibility in selecting the brand and type of snorkel gear and beach rental equipment used to provide these services, within Service defined parameters.

The rental equipment must:

- Be of good quality and meet or exceed industry standards. Chairs must be sturdy and able to accommodate varying user weight categories up to 500 lbs. All rental gear must be checked after each rental for signs of wear and malfunction. In addition, snorkel gear must be sanitized after each rental.
- Meet the Americans with Disabilities Act (ADA) requirements by providing reasonable accommodations to individuals with disabilities, depending on the type of rental gear

Describe and provide photos of the following rental gear you plan to use to provide the required services:

- 1) Describe the rental customer's experience from the time of arrival at the rental kiosk at Trunk Bay Beach to receiving rental equipment and concluding when the equipment is returned. Describe the layout of the kiosk and how it will be outfitted to accommodate the rental inventory. Your response must address, but is not limited to, the following subjects:
  - Safety checks and sanitizing of the equipment before each rental
  - Procedures followed by staff to outfit varying sizes of children, adults, and individuals with special needs, with snorkel gear. Include how the visitor will be instructed on the use of each type of equipment.
  - Process for issuing floats, chairs, shades and collection and storage of the rental equipment
  - Customer service and how complaints are handled
- 2) Describe the process in which weather conditions for Trunk Bay Beach will be monitored daily and communicated to staff and visitors. **Personal financial statements.** The Offeror (or Offeror-Guarantor(s), as applicable) must submit personal financial statements certified as to accuracy and completeness by the submitting individual for each of the Offeror's principals (as listed in NPS Form 10-357A).

**Subfactor 4(c). Demonstrate that your proposal is financially viable and that you understand the financial obligations of the Draft Contract by providing the following:**

Your estimate of the acquisition and start-up costs of this business using the Initial Investment and Start-Up Expense and the Initial Investments and Start-Up Expense Assumptions forms included in the Excel spreadsheets provided as an Appendix to the prospectus. Explain fully the methodology and the assumptions used to develop the estimate. The information provided should be of sufficient detail to allow a reviewer to understand how the estimates were determined. If you are the Existing Concessioner and do not anticipate any additional initial investment or start-up costs, please state that you consider the current personal property and assets adequate to operate this concession opportunity successfully.

Using the Excel spreadsheets provided as an Appendix to the prospectus, complete the Income Statement and Income Statement Assumptions forms and the Cash Flow Statement and the Cash Flow Statement Assumptions forms found in tabs within the Excel workbook. Provide estimates of prospective revenues and expenses of the concession business in the form of annual prospective income and cash flow statements for the entire term of the Draft Contract. Complete the Operating Assumptions tab to explain your financial projections. Also complete the Recapture of Investment and the Recapture of Investment Assumptions forms. Recapture amounts should also be included in the cash flow proforma, not the proforma income statement.

Below are some general notes regarding the provided forms found in the Appendices attached to the Prospectus.

- The Service has provided forms that request the information in the format it desires. These forms may differ from the format and requirements set forth in generally accepted auditing standards (GAAS) with regard to prospective financial statements. The Service does NOT request that the prospective financial statements be reviewed in accordance with GAAS.
- Do not add or eliminate rows on the Excel spreadsheets provided in the appendix. Columns should not be deleted; however, columns may be added to reflect the number of years in the Draft Contract term, if necessary. If you wish to provide additional information, do so in additional spreadsheets, outside of the ones provided. If additional information is provided, clearly identify how it fits into the income statement, cash flow, and/or assumption tables. For the purpose of the pro forma statements, use the calendar year as the fiscal year.
- Provide a clear and concise narrative explanation of the method(s) used to prepare the estimates and the assumptions on which your projections are based. Information must be sufficiently detailed to provide a full understanding of how the estimates were determined.
- Complete **all of the forms provided** and submit an electronic Excel workbook file.

**Subfactor 4(d). Demonstrate your ability to obtain the required funds for start-up costs under the Draft Contract by providing credible, compelling documentation, particularly evidence from independent sources, such as bank statements, audited or reviewed financial statements, and signed loan commitment letters. Fully explain the financial arrangements you propose, using the following guidelines.**

The more definite the terms stated in the documentation, the more credible the Service is likely to find the Offeror's ability to obtain the required funds.

- 1) If funds are to be obtained from cash on hand or operating cash flows from the Offeror's current business, document each source and the availability of these funds by providing your previous and current audited financial statements for the two most recent fiscal years, with all notes to the financial statements (see 4(b) above if audited financial statements are not available). Depending on the Offeror's form of entity, provide audited financial statements for any individual Offerors, general partners in a partnership, and all venturers in a joint venture.

- 2) If the Offeror is not formed and the Offeror-Guarantor is funding the required start-up costs, provide for each Offer-Guarantor the documentation for the appropriate type of Offer-Guarantor (individual, business entity) as described below.
- 3) If funds are to be obtained from lending institutions (banks, savings and loans, etc.), provide supporting documents including but not limited to documents that describe the approximate amount of the loan, the term of the loan and any proposed encumbrances on the Draft Contract. Include a letter (addressed to the National Park Service from the lender on the lending institution's letterhead) stating the amount of funds available to the Offeror at the date of the letter. In addition, the letter must outline the Financial Institution's historical relationship with the Offeror. Specifically, the Financial Institution should provide the following information: number of years of the relationship; description and amount of all credit facilities extended along with their average annual outstanding balance and current outstanding balance; current account balance; and statement of whether the Offeror has met all obligations with the Financial Institution as required.
- 4) If funds are to be obtained from an individual, or a business entity whose primary fund source is an individual, provide the following as appropriate with respect to such individual:
  - Signed funding commitment from the individual (stating the approximate amount of the loan, the term, and any proposed encumbrances on the Draft Contract)
  - Current personal financial statement certified as to accuracy and completeness by the individual submitting it
  - Current bank/financial institution documents that verify the account(s) and account balance(s) for the primary fund source
  - Documentation of any assets to be sold
  - Any other assurances or documents that demonstrate that the funds are available
- 5) If funds are to be obtained from working capital liabilities (such as advance deposits), please provide estimates and a rationale for each estimate. The information provided should be of sufficient detail to allow a reviewer to fully understand how the estimates were determined.
- 6) If funds are to be obtained from another source (e.g., a business entity whose primary fund source is not an individual), provide the following as appropriate:
  - Signed funding commitment from the fund source stating the approximate amount of the loan, the term, and any proposed encumbrances on the Draft Contract
  - Current audited financial statements for the most recent year (see 4(b) above if audited financial statements are not available)
  - If the current audited financial statements do not evidence that the source has the necessary funds to make the funding commitment, provide additional documentation.

**NOTE:** *If the Offeror is obtaining even a part of the necessary funds from another, the Service must be able to determine from the documents submitted that the Offeror is highly likely to obtain either a stated amount or an unlimited amount of funding from an entity with sufficient financial capability to provide the funds.*

**PRINCIPAL SELECTION FACTOR 5. THE AMOUNT OF THE PROPOSED MINIMUM FRANCHISE FEE AND OTHER FORMS OF FINANCIAL CONSIDERATION TO THE DIRECTOR. (0-4 POINTS)**

The minimum franchise fee acceptable to the Service is **4%** of gross receipts.

The offer of a higher franchise fee than this minimum is generally beneficial to the Service and accordingly will generally result in a higher score under this selection factor; however, consideration of revenue to the United States is subordinate to the objectives of protecting, conserving, and preserving resources of the park area and of providing necessary and appropriate visitor services to the public at reasonable rates.

State the amount of franchise fee you propose. Such fee must be at least equal to the minimum franchise fee set forth above. Express this fee as a percentage of annual gross receipts. Do not propose a tiered franchise fee, e.g., 5.0% on the first \$10,000 of gross receipts, 6.0% on gross receipts between \$10,001 and \$25,000, 7.0% on gross receipts from \$25,001 and above.
