at

Yellowstone National Park

National Park Service

Department of the Interior

Concession Contract No. CC-YELL004-23

PROPOSAL SUBMISSION TERMS & CONDITIONS

1. The Offeror's Transmittal Letter set forth below indicates your acceptance of the terms and conditions of the concession opportunity as set forth in this Prospectus. It indicates your intention to comply with the terms and conditions of the Contract. **The letter, submitted without alteration, must bear original signatures and be included in the Offeror's Proposal Package.** The National Park Service (Service) will review the entire Proposal Package to determine whether your proposal in fact accepts without condition the terms and conditions of this Prospectus. If it does not accept without condition the terms and conditions of this Prospectus, your proposal may be considered non-responsive, even if you submitted an unconditional Offeror's Transmittal Letter.
2. The Proposal Package is drafted upon the assumption that an Offeror is the same legal entity that will execute the new concession Contract as the Concessioner. If the entity that is to be the Concessioner is not in existence as of the time of submission of a proposal, the proposal must demonstrate that the individual(s) or organization(s) (hereinafter Offeror-Guarantor) that intends to establish the entity that will become the Concessioner has the ability and is legally obliged to cause the entity to be financially and managerially capable of carrying out the terms of the Contract. In addition, the Offeror-Guarantor must unconditionally state and guarantee in its proposal that the Offeror-Guarantor will provide the Concessioner with all funding, management, and other resources that the Draft Contract requires and the proposal offers.

SELECTION FACTORS

Response Format

- 1) Please number each page and section in your completed proposal. Add information to your proposal only to the extent that it is necessary and relevant to respond to the selection factor. Each page should have a heading identifying the selection factor and subfactor to which the information contained on the page responds. It is important that your response stays within the organizational framework in the Proposal Package and provides all relevant information directly in response to each selection factor. The Service may consider relevant information contained elsewhere in a proposal in assessing the proposal's response to each particular selection factor.
- 2) The evaluation panel will only take firm commitments into account when evaluating proposals. Responses that include terms such as "look into," "research," "may," "if feasible," and similar terms are not considered as firm commitments. In addition, the Service considers responses that include a specific time for commitment implementation as a stronger response. For example, "XXX commits to provide recycling containers in each lodging room by December of 2024."
- 3) Where page limits are set out in the Proposal Package, the Service will not review or consider the information on any pages that exceed the page limitations stated, including attachments, appendices, or other additional materials the Offeror submits. The Service would like to see clear and concise answers. A longer answer will not necessarily be considered a better answer.
- 4) Offerors must use letter-size paper unless a subfactor asks for schematics or drawings, in which case Offerors may use legal or ledger-size paper for the schematics or drawings. Offerors must use 11 or 12 point font for all text within the proposal, including all tables, charts, graphs, and provided forms. The Service will accept images of sample material with smaller fonts.
- 5) Page margins must be 1 inch. Page numbers and identifications of confidential information may appear within the margins.

PRINCIPAL SELECTION FACTOR 1. THE RESPONSIVENESS OF THE PROPOSAL TO THE OBJECTIVES, AS DESCRIBED IN THE PROSPECTUS, OF PROTECTING, CONSERVING, AND PRESERVING RESOURCES OF THE PARK. (0-5 POINTS)

Service Objectives:

The Service's objective is for the Concessioner to maintain the entire inventory of Concession Facilities to Service standards, especially the historic facilities, and at the same time to cure existing Deferred Maintenance within the first two years of the Draft Contract's term. The Service expects the Concessioner to provide a proactive maintenance program, not a response-based maintenance program.

The Concessioner must maintain the historic facilities according to the Secretary of the Interior's Standards, including the following:

- The Secretary of the Interior's Standards for Rehabilitation (36 C.F.R Part 67)
 - Rehabilitation Standards and Guidelines for the Historic Preservation Tax Incentive Program
 - Illustrated Guidelines for Rehabilitating Historic Buildings
 - Illustrated Guidelines on Sustainability for Rehabilitating Historic Buildings
- The Secretary of the Interior's Standards for the Treatment of Historic Properties (36 C.F.R. Part 68)
 - The Secretary of the Interior's Standards for the Treatment of Historic Properties, with Guidelines for Preserving, Rehabilitating, Restoring, and Reconstructing Historic Buildings

A link to the NPS Historic Preservation website that contains the above standards and guidelines is included in Part V Prospectus Appendix Table of Contents and Recommended Websites.

Preservation, Repair, and Maintenance of Concession Facilities, including Historic Structures

Using no more than **three (3) pages**, including all text, pictures, graphs, etc.:

- 1) Demonstrate your ability to provide a comprehensive repair and maintenance program for both historic and non-historic structures that meets or exceeds the minimum requirements of the Draft Contract by describing how you will:
 - Cure the Deferred Maintenance (DM)* listed in the Draft Contract, Exhibit H, Attachment 2: Deferred Maintenance Work Order Supplement within the first two years of the Draft Contract's term,
 - Implement a comprehensive maintenance program (including, but not limited to, preventative and recurring maintenance, component renewal, facility operations, and repair) to avoid incurring Deferred Maintenance, and
 - Manage the maintenance challenges due to the seasonal nature of the operations and limited access during the winter months to interior locations.
- 2) Explain how you will staff your maintenance program to meet or exceed the Service objective of a proactive maintenance program. Your response should describe how you will ensure how your staffing will effectively maintain the historic structures in the asset portfolio. Describe how you will select contractors, if applicable, including their qualifications.

* Offerors should not address the DM work orders item-by-item, but rather conceptually.

Note to Offerors: The Service will not consider projects that would result in a leasehold surrender interest (LSI) (i.e. a "capital improvement" as defined in the Draft Contract), except where required by the Draft Contract. The Service may consider other capital improvement projects an Offeror proposes, but only if the Offeror voluntarily proposes and agrees to waive its rights to LSI for the proposed project.

PRINCIPAL SELECTION FACTOR 2. THE RESPONSIVENESS OF THE PROPOSAL TO THE OBJECTIVES, AS DESCRIBED IN THE PROSPECTUS, OF PROVIDING NECESSARY AND APPROPRIATE VISITOR SERVICES AT REASONABLE RATES. (0 - 5 POINTS)**Service Objectives:**

The Service's objective is for the Concessioner to provide service stations within Yellowstone National Park ("Area") with excellent automotive and retail services, including high quality vehicle repair, roadside assistance, and towing a wide variety of vehicles at reasonable rates. Descriptions of minimum service requirements are in the Draft Contract, Exhibit B, Operating Plan, Section 3.

Vehicle Repair, Roadside Assistance, Towing Services, and Fuel Service

Using not more than **five (5) pages**, including all text, pictures, graphs, etc., describe your commitments to provide vehicle repair, roadside assistance, towing services, and fuel service operations. Include the following:

- 1) For your vehicle repair and roadside vehicle assistance services, describe:
 - The types of vehicle repair and emergency roadside assistance services you will provide;
 - The types and sizes of vehicles you will service;
 - The types of vehicle technologies you will service, for example, security systems, security chips, or electronic vehicles; and
 - The minimum training level or certification you will require for employees responsible for vehicle repairs.

- 2) For towing services, describe:
 - The types of tow vehicles you will provide and the types and sizes of vehicles this fleet will allow you to tow;
 - The minimum training level or certification you will require for each employee who will tow vehicles; and
 - How you will ensure you are able to tow vehicles to gateway communities and other necessary locations in Montana, Wyoming, and Idaho, etc. Address how you will meet all applicable requirements within these locations for vehicle licensing and inspection and towing staff training, licensing, or certification.*

- 3) Describe how you will manage all the complexities and challenges involved with fuel deliveries in the Area. Among other considerations, refer to Size and Weight Limitations of Traffic on Yellowstone National Park Roads, provided as Attachment 1A to the Draft Contract, Exhibit H, Maintenance Plan, to understand park transportation limitations, and the Draft Contract, Exhibit B, Operating Plan, Section 2)J) for additional procedures regarding deliveries within the Area.

***Note to Offerors:** Include any cost estimates associated with this selection factor, such as for personal property or employee certifications, in your response to Principal Selection Factor 4. Additionally, the Service will not consider projects that would result in a leasehold surrender interest (LSI) (i.e. a "capital improvement" as defined in the Draft Contract), except where required by the Draft Contract. The Service may consider other capital improvement projects an Offeror proposes, but only if the Offeror voluntarily proposes and agrees to waive its rights to LSI for the proposed project.

PRINCIPAL SELECTION FACTOR 3. THE EXPERIENCE AND RELATED BACKGROUND OF THE OFFEROR, INCLUDING THE PAST PERFORMANCE AND EXPERTISE OF THE OFFEROR IN PROVIDING THE SAME OR SIMILAR VISITOR SERVICES AS THOSE TO BE PROVIDED UNDER THE CONCESSION CONTRACT. (0-5 POINTS)

Note to Offeror: To assist the Service in the evaluation of proposals under this and other selection factors, provide the following information regarding the organizational structure of the business entity that will execute the Draft Contract. This organizational structure information will not be scored for selection purposes but may be used for assessing responses to various selection factors. If the Offeror is not yet in existence, the Offeror-Guarantor(s) should describe its own experience and explain how such experience will carry over to the Offeror entity.

Offeror's Organizational Structure

Describe the entity with which the National Park Service will contract, specifying whether it is currently in existence or is to be formed. Clearly explain and define the Offeror's relationship to any related entities that will affect how the Offeror will perform under the Draft Contract. Identify the entity, if other than the Offeror, that has the authority to allocate funds, and hire and fire management employees, of the Offeror. Identify any individual or business entity that holds or will hold a controlling interest in the Offeror. If the Offeror is an unincorporated sole proprietorship, identify and provide information about the individual who owns and operates the business. If the Offeror is a limited liability company, a partnership, or a joint venture, identify and provide information about each managing member or manager, general partner or venturer, respectively.

Submit your organizational documents (e.g., partnership agreement, articles of incorporation, operating agreement).

Using the appropriate Business Organization Information form (as applicable) at the end of this Principal Selection Factor 3, identify the Offeror and each business entity and/or individual to be involved in the management of the proposed concession operation. Use the form appropriate for your business entity or sole proprietorship and include all information necessary to make the relationship among the parties clear. When completed, the Business Organization Information form should convey the following information:

- 1) The full legal name of the Offeror and any trade name under which it proposes to do business.
- 2) The legal form of the Offeror, if other than an individual.
- 3) The name, address and, if applicable, form of business entity of all owner(s) of the Offeror, including, the precise extent of their ownership interests.
- 4) The name, address and, if applicable, form of business entity of all related business organizations and/or individuals that will have a significant role in managing, directing, operating, or otherwise carrying out the services to be provided by the Offeror. Describe in detail how these relationships will work formally and in practice. Use additional pages if the information does not fit within the forms provided.
- 5) If applicable, the length of Offeror's existence as a business entity.

If the Offeror is not yet formed, submit a Business Organization Information form for each Offeror-Guarantor.

Scoring: The Service will score Subfactor 3(a) up to 2 points, Subfactor 3(b) up to 1.5 points, and Subfactor 3(c) up to 1.5 points.

Subfactor 3(a). Experience (0-2 POINTS)

Using not more than **two (2) pages**, including all text, pictures, graphs, etc., demonstrate your experience managing services similar to those required by the Draft Contract by providing **one example of each** of the following services: service station operations and retail sales. The Service will accept one example of an operation that contains both types of services in lieu of separate examples; however, the Offeror must clearly identify and describe how the example addresses each of the services.

- 1) Provide the following general Information for each example:
 - a) Name and location of operation
 - b) Duration of involvement in managing the operation, including dates
 - c) Total gross revenues for the two most recent years of operation in which the Offeror was involved in the business
- 2) For the service station operations example, also provide:

 - b) Number of gallons of fuel, by type, sold during the most recent two years
 - c) Types of towing and vehicle repair services offered. If none offered or provided, state this plainly.
 - d) A description of your experience with preparing for, and if applicable, managing a hazardous materials spill at this location.
- 3) For the retail sales example, also provide:
 - a) Gross revenues by department during the most recent two years
 - b) Average annual number of transactions during the most recent two years
 - c) Square feet of retail space, not including warehouse, storage, or office space

Please note: If the Offeror is not yet in existence, demonstrate the Offeror-Guarantor(s) experience and explain how such experience will carry over to the Offeror entity directly. If the Offeror relies on the experience of a related entity, explain how that entity will support the Offeror so that reliance on that experience is relevant.

Subfactor 3(b). Skilled and Motivated Work Force (0-1.5 POINTS)

Service Objectives:

The Service's objective is for the Concessioner to provide service stations with excellent automotive and retail services through the employment of a sufficient, high quality, skilled, and motivated work force.

Using not more than **three (3) pages**, including text, pictures, and graphs, describe how you will provide and maintain a sufficient, high quality, skilled, and motivated work force by providing the following information:

- 1) Describe recruiting techniques you will use for seasonal staff to ensure you have adequate staffing throughout the summer season (mid-April to early November) in the Area.
- 2) Describe how you will ensure your seasonal and year-round employees remain motivated to provide high quality services and remain as your employees throughout the summer season.

Subfactor 3(c). Violations or Infractions (0-1.5 POINTS)

The Service is aware that any business may receive the occasional notice of violation, penalty, fine, less than satisfactory public health rating, or similar regulatory notice from a federal, state, or local agency (hereinafter collectively referred to as "Infractions"). The Service is interested in understanding how your business manages these Infractions and your overall strategy to minimize Infractions.

Using not more than **five (5) pages**, including text, pictures, and graphs, demonstrate your understanding of the Service's concern.

- 1) Describe all Infractions that have occurred in your operations in the past five years that the Service should know about prior to selecting you as the Concessioner under the Draft Contract. Keep in mind the services required under the Draft Contract only.
- 2) Explain how you responded to each Infraction, including actions you took to prevent a recurrence of the Infraction.
- 3) List the Related Entities (as defined below) you considered in providing the foregoing information.
- 4) Describe your overall strategy to minimize Infractions and how you resolve, or plan to resolve, Infractions when they do occur.

Related Entities. In responding to this subfactor, consider the Offeror and all of its principals (for corporations, their executive officers, Directors, and controlling shareholders; for partnerships, their general partners; for limited liability companies, their managing members and managers, if any; and for joint ventures, each venturer) and all parent entities, subsidiaries or related entities under the primary organizational entity (such as, a parent corporation and all subsidiaries), that provide the same or similar services as required or authorized by the Draft Contract.

- 1) Demonstrate that you have a credible, proven track record of meeting your financial obligations. The Offeror (or each Offeror-Guarantor) must provide comprehensive materials to demonstrate that it has a history of meeting its financial obligations by providing the following:

- 3) Demonstrate that your proposal is financially viable and that you understand the financial obligations of the Draft Contract by providing the following:
- Your estimate of the acquisition and start-up costs of this business using the Initial Investment and Start-Up Expense and the Initial Investments and Start-Up Expense Assumptions forms included in the Excel spreadsheets provided as an Appendix to the prospectus. Explain fully the methodology and the assumptions used to develop the estimate. The information provided should be of sufficient detail to allow a reviewer to understand how the estimates were determined. If you are the Existing Concessioner and do not anticipate any additional initial investment or start-up costs, please state that you consider the current personal property and assets adequate to operate this concession opportunity successfully.
 - Using the Excel spreadsheets provided as an Appendix to the prospectus, complete the Income Statement and Income Statement Assumptions forms and the Cash Flow Statement and the Cash Flow Statement Assumptions forms found in tabs within the Excel workbook. Provide estimates of prospective revenues and expenses of the concession business in the form of annual prospective income and cash flow statements for the entire term of the Draft Contract. Complete the Operating Assumptions tab to explain your financial projections. Also complete the Recapture of Investment and the Recapture of Investment Assumptions forms. Recapture amounts should also be included in the cash flow proforma, not the proforma income statement.

Below are some general notes regarding the provided forms found in the Appendices attached to the Prospectus.

- The Service has provided forms that request the information in the format it desires. These forms may differ from the format and requirements set forth in generally accepted auditing standards (GAAS) with regard to prospective financial statements. The Service does NOT request that the prospective financial statements be reviewed in accordance with GAAS.
 - Do not add or eliminate rows on the Excel spreadsheets provided in the appendix. Columns should not be deleted; however, columns may be added to reflect the number of years in the Draft Contract term, if necessary. If you wish to provide additional information, do so in additional spreadsheets, outside of the ones provided. If additional information is provided, clearly identify how it fits into the income statement, cash flow, and/or assumption tables. For the purpose of the pro forma statements, use the calendar year as the fiscal year.
 - Provide a clear and concise narrative explanation of the method(s) used to prepare the estimates and the assumptions on which your projections are based. Information must be sufficiently detailed to provide a full understanding of how the estimates were determined.
 - Complete **all of the forms** provided as an electronic Excel workbook file.
- 4) Demonstrate your ability to obtain the required funds for the initial investment, as listed in the Business Opportunity, and other investing activities under the Draft Contract by providing credible, compelling documentation, particularly evidence from independent sources, such as bank statements, audited or reviewed financial statements, and signed loan commitment letters. Fully explain the financial arrangements you propose, using the following guidelines.

The more definite the terms stated in the documentation, the more credible the Service is likely to find the Offeror's ability to obtain the required funds.

- If funds are to be obtained from cash on hand or operating cash flows from the Offeror's current business, document each source and the availability of these funds by providing your previous and current audited financial statements for the two most recent fiscal years, with all notes to the financial statements (see 2 above if audited financial statements are not available). Depending on the Offeror's form of entity, provide audited financial statements for any individual Offerors, general partners in a partnership, and all venturers in a joint venture.
- If the Offeror is not formed and the Offeror-Guarantor is providing funding, provide for each Offer-Guarantor the documentation for the appropriate type of Offer-Guarantor (individual, business entity) as described below.
- If funds are to be obtained from lending institutions (banks, savings and loans, etc.), provide supporting documents including but not limited to documents that describe the approximate amount of the loan, the term of the loan and any proposed encumbrances on the Draft Contract. Include a letter (addressed to the National Park Service from the lender on the lending institution's letterhead) stating the amount of funds available to the Offeror at the date of the letter. In addition, the letter must outline the Financial Institution's historical relationship with the Offeror. Specifically, the Financial Institution should provide the following information: number of years of the relationship; description and amount of all credit facilities extended along with their average annual outstanding balance and current outstanding balance; current account balance; and statement of whether the Offeror has met all obligations with the Financial Institution as required.
- If funds are to be obtained from an individual, or a business entity whose primary fund source is an individual, provide the following as appropriate with respect to such individual:
 - Signed funding commitment from the individual (stating the approximate amount of the loan, the term, and any proposed encumbrances on the Draft Contract)
 - Current personal financial statement certified as to accuracy and completeness by the individual submitting it
 - Current bank/financial institution documents that verify the account(s) and account balance(s) for the primary fund source
 - Documentation of any assets to be sold
 - Any other assurances or documents that demonstrate that the funds are available
- If funds are to be obtained from working capital liabilities (such as advance deposits), please provide estimates and a rationale for each estimate. The information provided should be of sufficient detail to allow a reviewer to fully understand how the estimates were determined.
- If funds are to be obtained from another source (e.g., a business entity whose primary fund source is not an individual), provide the following as appropriate:
 - Signed funding commitment from the fund source stating the approximate amount of the loan, the term, and any proposed encumbrances on the Draft Contract
 - Current audited financial statements for the most recent year (see 2 above if audited financial statements are not available)
 - If the current audited financial statements do not evidence that the source has the necessary funds to make the funding commitment, provide additional documentation.

NOTE: If the Offeror is obtaining even a part of the necessary funds from another, the Service must be able to determine from the documents submitted that the Offeror is highly likely to obtain either a stated amount or an unlimited amount of funding from an entity with sufficient financial capability to provide the funds.

PRINCIPAL SELECTION FACTOR 5. THE AMOUNT OF THE PROPOSED MINIMUM FRANCHISE FEE AND OTHER FORMS OF FINANCIAL CONSIDERATION TO THE DIRECTOR. (0-4 POINTS)

The minimum franchise fee acceptable to the Service is 2.3% of gross receipts.

The offer of a higher franchise fee than this minimum is generally beneficial to the Service and accordingly will generally result in a higher score under this selection factor; however, consideration of revenue to the United States is subordinate to the objectives of protecting, conserving, and preserving resources of the park area and of providing necessary and appropriate visitor services to the public at reasonable rates.

State the amount of franchise fee you propose. Such fee must be at least equal to the minimum franchise fee set forth above. Express this fee as a percentage of annual gross receipts. Do not propose a tiered franchise fee, e.g., 5.0% on the first \$10,000 of gross receipts, 6.0% on gross receipts between \$10,001 and \$25,000, 7.0% on gross receipts from \$25,001 and above.

_____ percent of annual gross receipts

SECONDARY SELECTION FACTORS

SECONDARY SELECTION FACTOR 1. THE QUALITY OF THE OFFEROR'S PROPOSAL TO CONDUCT ITS OPERATIONS IN A MANNER THAT FURTHERS THE PROTECTION, CONSERVATION, AND PRESERVATION OF THE PARK AND OTHER RESOURCES THROUGH ENVIRONMENTAL MANAGEMENT PROGRAMS AND ACTIVITIES, INCLUDING, WITHOUT LIMITATION, ENERGY CONSERVATION, WASTE REDUCTION, AND RECYCLING. (0-3 POINTS)

Environmentally Sustainable Practices

Using not more than **two (2) pages**, including all text, pictures, graphs, etc., describe:

- 1) The environmental practices you will employ to minimize the environmental footprint of your overall operations under the Draft Contract through energy efficiency and reducing solid waste, including but not limited to plastic waste, within your operation. Be specific regarding how you will implement these practices in Yellowstone National Park's remote location.
- 2) How you will monitor and measure your performance in executing these practices and explain how you will use metrics to continually evaluate and minimize your environmental impacts.

Note: In Principal Selection Factor 4 you will need to include any investments required to realize the strategy outlined in Secondary Selection Factor 1. Additionally, the Service will not consider projects that would result in a leasehold surrender interest (LSI) (i.e. a "capital improvement" as defined in the Draft Contract), except where required by the Draft Contract. The Service may consider other capital improvement projects an Offeror proposes, but only if the Offeror voluntarily proposes and agrees to waive its rights to LSI for the proposed project.

SECONDARY SELECTION FACTOR 2. THE QUALITY OF THE OFFEROR'S PROPOSAL TO IMPROVE THE IN-PARK EMPLOYEE HOUSING EXPERIENCE (0-1 POINTS)

Using not more than **one (1) page**, including all text, pictures, graphs, etc., describe how you will enhance and improve the in-park employee housing experience, such as through personal property upgrades or innovative programs or projects.

Note: In Principal Selection Factor 4 you will need to include any investments in personal property, etc. required for Secondary Section Factor 2. Additionally, the Service will not consider projects that would result in a leasehold surrender interest (LSI) (i.e. a "capital improvement" as defined in the Draft Contract), except where required by the Draft Contract. The Service may consider other capital improvement projects an Offeror proposes, but only if the Offeror voluntarily proposes and agrees to waive its rights to LSI for the proposed project.
