⁴ The inventory matches the Federal Real Property Profile (FRPP) reporting parameters. The Park may manage assets that are owned by other agencies or local partners which are not reported in the NPS FRPP totals. Additionally, any commercial leases are included in the inventory but do not contribute to Deferred Maintenance and Repairs (DM&R).

⁶ Housing includes residential units and trailer pads that are associated with the NPS Employee Housing Program whereby rent is collected. The data is from the Internet Quarters Management Information System (iQMIS) as of September 30, 2025.

⁵ Unpaved Roads includes the total length of unpaved roadways.

⁷ Paved Roads includes the total length of bridges, tunnels, and paved roadways.

⁸ DM&R includes only correction of existing deficiencies. It does not include, for example, alterations for improved accessibility, upgrades to meet current building codes, installation of new fire suppression systems, expansion of capacity, or annual recurring maintenance needs. The data is from FRPP FY 2025.

⁹ Annual Routine Maintenance represents modeled costs for preventative and recurring maintenance activities. It does not account for annual operating requirements, modernization and renewal costs to address safety, code compliance, and visitor capacity needs, or other park-specific needs and priorities.
