

## Infrastructure Fact Sheet

# Statue of Liberty National Monument<sup>1</sup>

Annual Visitors<sup>2</sup>

3.7 Million

Economic Output<sup>3</sup>

\$367 Million

State

New York

## Infrastructure Inventory<sup>4</sup>

The figures below show the park's real property inventory by asset category as of the end of Fiscal Year (FY) 2024.

67 Buildings

5 Miles of Trails

0 Mile of Unpaved Roads<sup>6</sup>

4 Water Systems

0 Campgrounds

0 Housing Units

4 Waste Water Systems

0 Mile of Paved Roads<sup>7</sup>

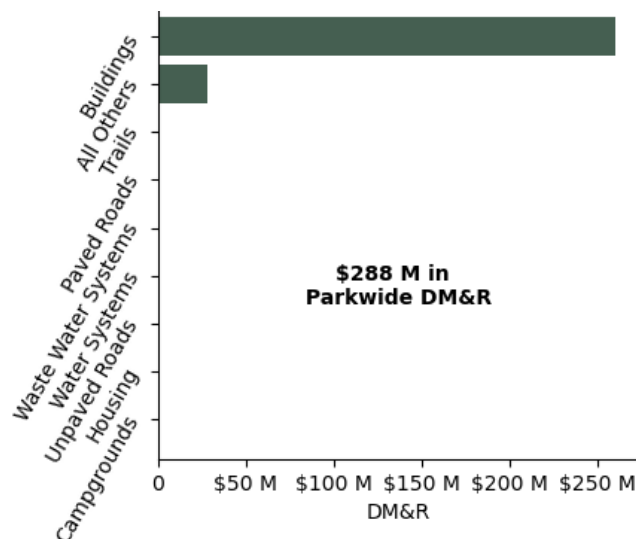

### Other Asset Types

The park also has **32** other assets. These include maintained landscapes, a boundary, heating and cooling plants, electrical systems, a communication system, fuel systems, marinas, monuments, and a fortification.

## Infrastructure Investment Needs

There is an estimated **\$288 M** in Deferred Maintenance and Repairs (DM&R)<sup>8</sup> associated with the inventory above. The park also has an estimated **\$5.1 M** in Annual Routine Maintenance<sup>9</sup> requirements. Asset condition will further deteriorate if the Annual Routine Maintenance is not addressed. Infrastructure investment needs may also include modernization and renewal to address safety, code compliance, visitor capacity, and other park requirements.

## Park Infrastructure Condition

Statue of Liberty National Monument has a total portfolio DM&R of \$288 M. The Buildings asset category currently accounts for the largest portion of DM&R at \$259 M. All Others asset category has \$28 M in DM&R. Trails has \$86 K. The Campgrounds, Housing, Unpaved Roads, Water Systems, Waste Water Systems, and Paved Roads asset categories have \$0 in current deferred maintenance and repair needs.

## Proposed Investments<sup>10</sup>

The table below shows formulated facility project investments from the following fund sources: *Great American Outdoors Act Legacy Restoration Fund, Federal Lands Transportation Program, Repair/Rehabilitation, Line Item Construction and Recreation Fee Revenue* as published in the Department of the Interior Budget Justifications and Performance Information. **Projects and estimates are subject to change based on final scope and design efforts, emerging priorities, and available resources.**

Projects in Current Funding Stream	Est. Proj. Cost <sup>11</sup>
Repair Ellis Island Powerhouse Tile Roof and Skylights	\$1,939,000
Restore Full Utilities to Recreation Hall Building on Island 3 of Ellis Island	\$1,389,000
Repoint & Stabilize Power House Chimney	\$484,000
Repair Ellis HVAC Condensate lines	\$457,000
<b>Total Estimated Project Cost</b>	<b>\$4,269,000</b>

## Notes

<sup>1</sup> Ellis Island Visitation, Economic Impact, Inventories, Needs, and Proposed Investments are included in this factsheet as this park is co-managed by Statue of Liberty National Monument.

<sup>2</sup> [National Park Service Visitor Statistics, Annual Visitation by Park - 2023](#)

<sup>3</sup> [Economic Contributions of National Park Visitor Spending - 2023](#)

<sup>4</sup> The inventory matches the Federal Real Property Profile (FRPP) reporting parameters. The Park may manage assets that are owned by other agencies or local partners which are not reported in the NPS FRPP totals; however, these assets may show in the Proposed Investments section. Additionally, any commercial leases are included in the inventory but do not contribute to Deferred Maintenance and Repairs (DM&R).

<sup>5</sup> Housing includes residential units and trailer pads that are associated with the NPS Employee Housing Program whereby rent is collected. The data is from the Internet Quarters Management Information System (iQMIS) as of September 30, 2024.

<sup>6</sup> Unpaved Roads includes the total length of unpaved roadways.

<sup>7</sup> Paved Roads includes the total length of bridges, tunnels, and paved roadways.

<sup>8</sup> DM&R includes only correction of existing deficiencies. It does not include, for example, alterations for improved accessibility, upgrades to meet current building codes, installation of new fire suppression systems, expansion of capacity, or annual recurring maintenance needs. The data is from FRPP FY 2024.

<sup>9</sup> Routine Maintenance represents modeled costs for recurring maintenance derived from NPS Operations and Maintenance cost models.

<sup>10</sup> Project lists are based on the most recent publicly available data, published in FY 2024. Updated project lists will be made publicly available upon release of the FY 2026 President's Budget later in 2025. Projects from the following fund sources and FYs were included: Great American Outdoors Act Legacy Restoration Fund (FY25), Recreation Fee Revenue (2025 Congressional Justification), Repair/Rehabilitation (FY25 - FY29), Line Item Construction (FY25 - FY29) and Federal Lands Transportation Program (FY24 - FY26), per authorization levels provided in Public Law 117-58, the Bipartisan Infrastructure Law. Costs for Legacy Restoration Fund FY25 projects are based on estimates as of March 2024, which are subject to change.

<sup>11</sup> Cost estimates for projects are dependent on the current phase and size of each project's scoping and costing process. Planning for larger, more complex projects requires a longer lead time and preconstruction activities may be funded separately. These estimates continue to be refined as scoping and design is completed and the project moves toward execution. Costs are rounded to the nearest thousand.
