Harpers Ferry National Historical Park – Objects Available

The following objects are part of a historic pharmacy collection donated to furnish a late 19th to early 20th century apothecary that opened at the park in 1974. Most objects are in good to fair condition. They were removed from display in the early 1990's and have since been in storage. They don't fit the Scope of Collections Statement and are available for transfer to another park or other federal agency, or conveyance to non-federal institutions.

Please contact the park for further information.
