

10 model cities have been selected to demonstrate the Urban Agenda principles and to strategically activate the full portfolio of NPS resources using innovative, collaborative approaches.

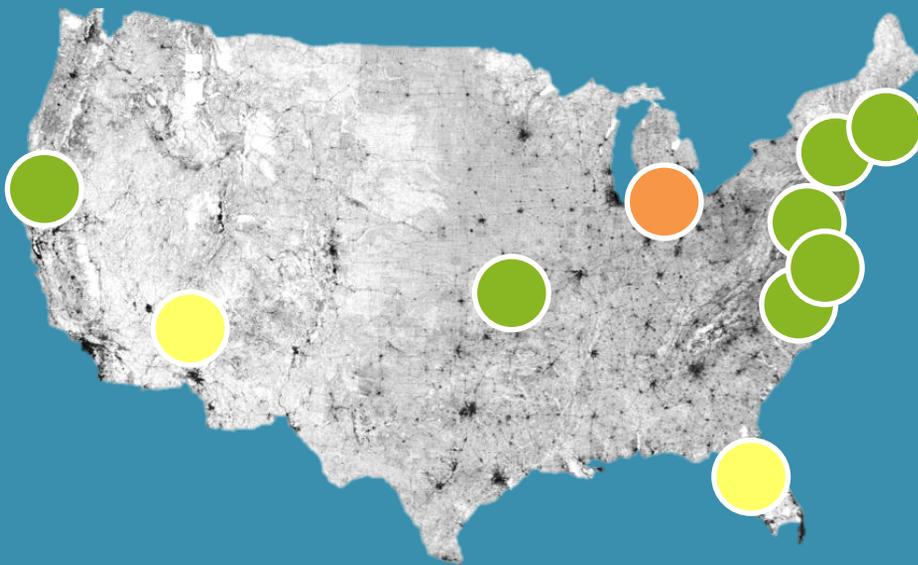

Model Cities

goal:

Activate a coherent system of urban parks, programs, and partnerships in the urban landscape to help the NPS effectively engage communities as it relates to :

locations

Park within a city
Boston, Richmond
(CA), Washington
DC, New York City,
Richmond (VA),
Philadelphia, St.
Louis

City without a
physical NPS
presence

Detroit

Large regional
landscape that
includes urban-rural
interface

Jacksonville, Tucson

urban fellows:

Talented and experienced change agents will work in the model cities to explore, experiment, enact, and evaluate Urban Agenda principles. Each Fellow will serve as a catalyst and an intertwine between parks, programs and partners.
