

**Stephen T. Mather Training Center**

**NEPA Topics: Blending Compliance Laws and  
Cumulative Impact Analysis**

**Virtual/Webinar Course  
July 21 – July 24, 2015**

---

This four-day virtual course will consist of an in-depth examination of two topics related to conducting the NEPA process, cumulative impact analysis and integration of other environmental laws into NEPA. Through the course, participants will gain an increased understanding of the legal requirements for cumulative impact analysis and will explore methods for identifying cumulative actions, framing analysis, and describing cumulative impacts. Participants will also gain an increased understanding of other environmental mandates such as the National Historic Preservation Act and the Endangered Species Act and will investigate how to best integrate their requirements into the NEPA process.

**Course Objectives:**

- Develop an understanding of the definition of cumulative impacts and legal requirements for cumulative impact analysis.
- Learn to identify past, present, and future actions to be considered in cumulative impact analysis.
- Be able to establish spatial and temporal boundaries for cumulative impact analysis.
- Learn to describe cumulative impacts using available tools and information.
- Understand a variety of environmental laws, executive orders, and regulations.
- Explore options for integrating the requirements of environmental mandates into the NEPA process.

**Participants:** The intended audience for this course is NPS staff with NEPA compliance responsibilities who have taken an introductory NEPA course and/or who have a working knowledge of NEPA and NPS Director's Order 12.

**Dates:** July 21 – July 24, 2015.

**Class Size:** 30 Participants

**Location:** Virtual, on-line webinars using Adobe Connect. Class begins at 11 AM Eastern; 8 AM Pacific. Class will include three 90-minute sessions with breaks for case studies and lunch each day. Class will end at 5:30 PM Eastern each day.

**Tuition:** No Tuition
