

National Park Service  
**Introduction to the Planning, Environment and Public  
Comment System (PEPC)**  
Dinosaur National Monument, Jensen, UT  
January 29, 2016

---

This Instructor-led course will provide a detailed introduction to the PEPC system. The course will cover menu navigation, project search/tracking, reporting capabilities, resource tools and customization for your park/unit. The course will provide hands-on training where the student will create a project in PEPC, enter the funding status, set up an interdisciplinary team, fill out an Environmental Screening Form (ESF), set up a NEPA/NHPA pathway, create a document for internal review, create a public project page, post a public document, review public correspondence, and close a project.

**Course Objectives:**

1. What is PEPC?
2. How is PEPC going to be useful to you and your park/unit?
3. How is PEPC going to be useful servicewide?
4. How is PEPC going to be useful to the public?

**Target Audience:** Division chiefs, project managers, resource specialists, NEPA/NHPA specialists, resource managers, planners, facility managers, and maintenance personnel.

**Date:** **January 29, 2016.** Class starts at 8:30 AM and concludes at 5:00 PM.

**Location:** Dinosaur National Monument's Quarry Visitor Center Theater, 11625 East 1500 South, Jensen, UT 84035

**Travel Cost:** Travel paid by benefitting account.

**Application:** **Application deadline is January 11, 2016.** Apply through DOI Learn.
