NATIONAL PARK SERVICE  
Pearl Harbor National Memorial  
1 Arizona Memorial Pl  
Honolulu, Hawaii 96818

IN REPLY REFER TO:  
10D (PERL-VRP)

Administrative Order #22-0001  
03/04/2022

Closures, restrictions and public use limits:

Restrictions and Public Use Limits: Under the authority provided to the Superintendent in 36 CFR 1.7 the following activities are restricted in Pearl Harbor National Memorial effective **March 5, 2022**, until further notice:

When the COVID-19 Community Level is LOW or MEDIUM in the county or all the counties where the park is located based on data provided by the Centers for Disease Control and Prevention (CDC), individuals are not required to wear masks.

When the COVID-19 Community Level is HIGH in the county, based on data provided by the CDC, all individuals over the age of two must wear masks, regardless of vaccination status, in all common areas and shared workspaces in buildings owned, leased, or otherwise controlled by the National Park Service, including, but not limited to, park visitor centers, administrative offices, lodges, gift shops and restaurants. In addition, outside areas where masks are required will include: The lanai behind the Education and Research Center; the Bell Court, the lanai of the Pearl Harbor Memorial Theater, and the USS *Arizona* Memorial.

Masks must cover the nose and mouth and fit snugly around the nose and chin with no large gaps around the sides of the face. Masks not designed to be protective, masks with ventilation valves, and face shields do not meet the requirement.

Regardless of the COVID-19 Community Level, individuals may wear masks if they choose to do so. Where a state, local, tribal, or territorial government impose more protective mask-wearing requirements than those indicated by the COVID-19 Community Level, individuals must follow those more protective requirements within the park. More protective state, local, tribal, or territorial mask-wearing requirements are hereby adopted as federal requirements in all units of the National Park System located within that state, locality, area subject to a federally recognized Indian tribe's regulatory jurisdiction, or territory, regardless of a particular park's jurisdictional status.

Additionally, all individuals must wear masks in or on public transportation conveyances and transportation hubs/facilities, to the extent required by current orders or directives issued by the CDC, the Transportation Security Administration (TSA), or other federal agencies with jurisdiction over those conveyances or areas. As of March 4, 2022, CDC and TSA orders or directives require all individuals regardless of vaccination status to wear masks in indoor areas of all forms of public transportation conveyances, including busses, trains, and boats/ferries, and in the indoor premises of transportation hubs/facilities. Individuals are not required to wear masks while outdoors on conveyances or while outdoors on the premises of transportation hubs/facilities.

Notice: This administrative order applies to all individuals subject to the regulatory authority of the National Park Service (NPS) within the boundaries of Pearl Harbor National Memorial, including park visitors, government employees, concession employees, park residents and stakeholders.

This order is effective **March 5, 2022, supplanting Administrative Order 21-0001**, and will remain in effect until further notice. The effectiveness of this order will be assessed on an ongoing basis, and the order will be modified or rescinded when conditions warrant.
