

# Visitors of the Month

## April 2012

### Chris, Karen, & Claire

Chris, Karen, and Claire hail from Danbury, Connecticut, and are some of the most dedicated visitors to Weir Farm National Historic Site. The family has been visiting the park since 2000, and has been named the very first Visitors of the Month! This outgoing family visits the park monthly (if not more), and they enjoy the historical tours, walks to the pond, the beautiful historic gardens, and checking on the progress of the restoration of the house and studios.

This dynamic trio is truly devoted to the national parks, having visited over 200! Chris, Karen, and Claire always share their stories with the park rangers, and attend most of the park's special programs. Although they truly consider Weir Farm National Historic Site their favorite national park site, they have also enjoyed visiting Olympic National Park, Cape Cod National Seashore, Home of Franklin Delano Roosevelt National Historic Site, Grand Canyon National Park, Rocky Mountain National Park, Arches National Park, and Minuteman Missile National Historic Site...just to name a few! Each year the family Christmas card includes a photo of these park enthusiasts in front of the entrance sign to a different National Park Service site.

Their enthusiasm for Weir Farm National Historic Site is unmatched. Often when they meet park rangers at other National Park Service sites they say, "Weir Farm is our park!" Thanks to Chris, Karen, and Claire for being such exceptional visitors and stewards of their local national park. Weir Farm National Historic Site truly appreciates all of their support, and hopes they continue to enjoy this special place!
