

## Visitors of the Month

### *November 2013* *Fiona, Aislynn, Ronan,* *and Buddy*

This November, Weir Farm National Historic Site would like to introduce you to the latest additions to our Visitor of the Month family: Siblings Aislynn, Ronan, and Fiona, along with their brand new puppy, Buddy! Ronan and his sisters first visited the park in 2012 with their family. The kids quickly found they could participate in many of their favorite activities while visiting the park, including taking walks, playing tag, and painting.

*Aislynn and Buddy the "Bark Ranger" at Weir Farm National Historic Site*

Aislynn says her favorite thing to do while visiting the park is to hike to Weir Pond. She also says that she recently enjoyed listening to music and playing with brother, sister, and friends while attending Jazz in the Garden. Fiona is looking forward to doing the Junior Ranger program alongside her brother and sister.

*Fiona, Ronan, and Buddy the puppy outside of the park visitor center*

At just two weeks old, Buddy came to visit the park for the first time in early October. Not only was he able to roam the grounds and say hello to all the friendly rangers, but Buddy also became an honorary "Bark Ranger" by purchasing a dog bandana and a leash from the museum store at the park. Buddy proudly strutted his new gear for us all, while Aislynn and Fiona showed the rangers some of the new tricks they are teaching him. Both sisters say they plan to bring Buddy to visit on a regular basis, and that the park will be a great place to train him as he grows up.

The rangers look forward to hanging out more with Aislynn, Fiona, Ronan and Buddy. It truly brightens our day to see all three of them romping around in the leaves and enjoying the wonderful fall weather here at Weir Farm National Historic Site!
