

Winter Driving Reminders

We can all do our part to help reduce the risk of accidents and injuries by following a few simple tips for safe driving during the winter months.

There are no length/weight restrictions on the Old Gardiner Road, however, oversized vehicles and trailers must use caution in curves to maintain lanes.

Keep Your Eyes on the Road

Avoid distractions. Put your cell phone away while driving.

Slow Down

Reduce speed when driving on snow or ice, especially while traveling downhill.

Watch for Wildlife

Wildlife frequent park roads. Watch for animals, especially when it's dark.

Leave More Room

Increase your following distance to 6 seconds. It will take you longer to stop!

Accelerate & Decelerate Slowly

Apply the gas slowly to regain traction and avoid skids, especially uphill.
