The human remains and associated funerary objects were removed from Waupaca County, WI.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 25 U.S.C. 3003(d)(3) and 43 CFR 10.11(d). The determinations in this notice are the sole responsibility of the museum,

institution, or Federal agency that has control of the Native American human remains and associated funerary objects. The National Park Service is not responsible for the determinations in this notice.

Consultation

A detailed assessment of the human remains was made by the State Historical Society of Wisconsin professional staff in consultation with representatives of the Forest County Potawatomi Community, Wisconsin; Ho-Chunk Nation of Wisconsin; and the Menominee Indian Tribe of Wisconsin.

History and Description of the Remains

In 1963, human remains representing, at minimum, one individual were removed from a burial located just below the plow zone at Riverbend 1 Site in Waupaca County, WI. The fragmentary human remains were excavated by the State Historical Society of Wisconsin and the Wisconsin Department of Transportation. As the burial had been partially disturbed by plowing, some of the remains were recovered during a surface survey prior to the excavation. The human remains were determined to be those of an adult Native American female. No known individuals were identified. The two associated funerary objects are a quartz shatter and a quartzite flake.

Determinations Made by the State Historical Society of Wisconsin

Officials of the State Historical Society of Wisconsin have determined that:

- Pursuant to 25 U.S.C. 3001(9), the human remains described in this notice are Native American based on skeletal analysis.
- Pursuant to 25 U.S.C. 3001(9), the human remains described in this notice represent the physical remains of one individual of Native American ancestry.
- Treaties, Acts of Congress, or Executive Orders, indicate that the land from which the Native American human remains were removed is the aboriginal land of the Menominee Indian Tribe of Wisconsin.
- Pursuant to 43 CFR 10.11(c)(1), the disposition of the human remains may be to the Menominee Indian Tribe of Wisconsin.

Notice of Approval of Record of Decision for Stehekin River Corridor Implementation Plan, Lake Chelan National Recreation Area, North Cascades National Park Service Complex, Washington

AGENCY: National Park Service, Interior.

ACTION: Notice of Record of Decision.

SUMMARY: Pursuant to § 102(2)(C) of the National Environmental Policy Act of 1969 (Pub. L. 91-190, as amended) and the regulations promulgated by the Council on Environmental Quality (40 CFR part 1505.2), the Department of the Interior, National Park Service (NPS), in collaboration with the Federal Highway Administration, prepared the Final Environmental Impact Statement (Final EIS) for the Stehekin River Corridor Implementation Plan (CIP). The requisite no-action "wait period" was initiated on October 12, 2012, with the Environmental Protection Agency's **Federal Register** notice of the filing of the Final EIS.

Decision: The NPS has selected Alternative 5, identified as "preferred" in the Final EIS, and will implement it as the approved Stehekin River CIP. The CIP will allow water from large floods to occupy more of the floodplain

(within the channel migration zone), thereby reducing flooding severity in any one location. Also included in the approved CIP is the relocation of approximately two miles of the Stehekin Valley Road, removal of park facilities out of the floodplain, improvements in recreational trail and camping opportunities, and revision of the park's Land Protection Plan criteria used to determine willing owner land exchange and acquisition priorities (based on threats to the most vulnerable areas).

Four other alternatives were evaluated, the full range of foreseeable environmental consequences was assessed, and appropriate mitigation measures were identified. The selected alternative was deemed to be the "environmentally preferred" course of action.

Interested parties desiring to review the Record of Decision may obtain a copy by contacting the Superintendent, North Cascades National Park Service Complex, 810 State Route 20, Sedro-Woolley, WA 94123 or via telephone request at (360) 854-7200.

Dated: March 14, 2013.

Regional Director, Pacific West Region.
