Mariposa Grove Restoration

Stay involved with this project through the park's website:

<http://www.nps.gov/yose/parkmgmt/mgrove.htm>

The public scoping period for the **Mariposa Grove Restoration (EIS) begins August 31, 2011 and will continue into the fall, 30 days following publication of the Notice of Intent (NOI) in the Federal Register.** During that time, you can submit comments electronically on the Planning, Environment and Public Comment (PEPC) website. Please visit: <http://parkplanning.nps.gov/mariposagrove>

Central to this planning effort is an open and transparent public involvement process where everyone is invited to share ideas and concerns.

For thought:

- 1) What would you like to see improved?
- 2) How can we protect these remarkable trees?
- 3) What does it mean to "restore" the Mariposa Grove and what would a restored grove look like?
- 4) What should the Mariposa Grove be like 150 years from now?

Comments are also accepted via mail. Send your comments to:
