## Safety Closure – Bridalveil Fire

The Bridalveil Fire was discovered on October 6, 2015. It is burning in steep, rugged terrain making firefighting efforts challenging and hazardous. In order to provide for the safety of park visitors and allow firefighting operations to continue unimpeded, the Superintendent of Yosemite National Park is designating a portion of the park as closed. The area will be closed until further notice is given.

By order of the Superintendent of Yosemite National Park and under authority of Title 36, Code of Federal Regulations, Section 1.5(a) and (a)(1):

The Pohono Trail is closed from Dewey Point to the McGurk Meadow Junction.

The area from the southern rim of Yosemite Valley to the Pohono Trail is closed to all overnight use.

Climbing routes accessed from the Yosemite Valley will remain open.

Notice of closure will be posted and the area will be monitored to ensure compliance. Your cooperation in complying with this temporary restriction is greatly appreciated. Please see attached map for more information.

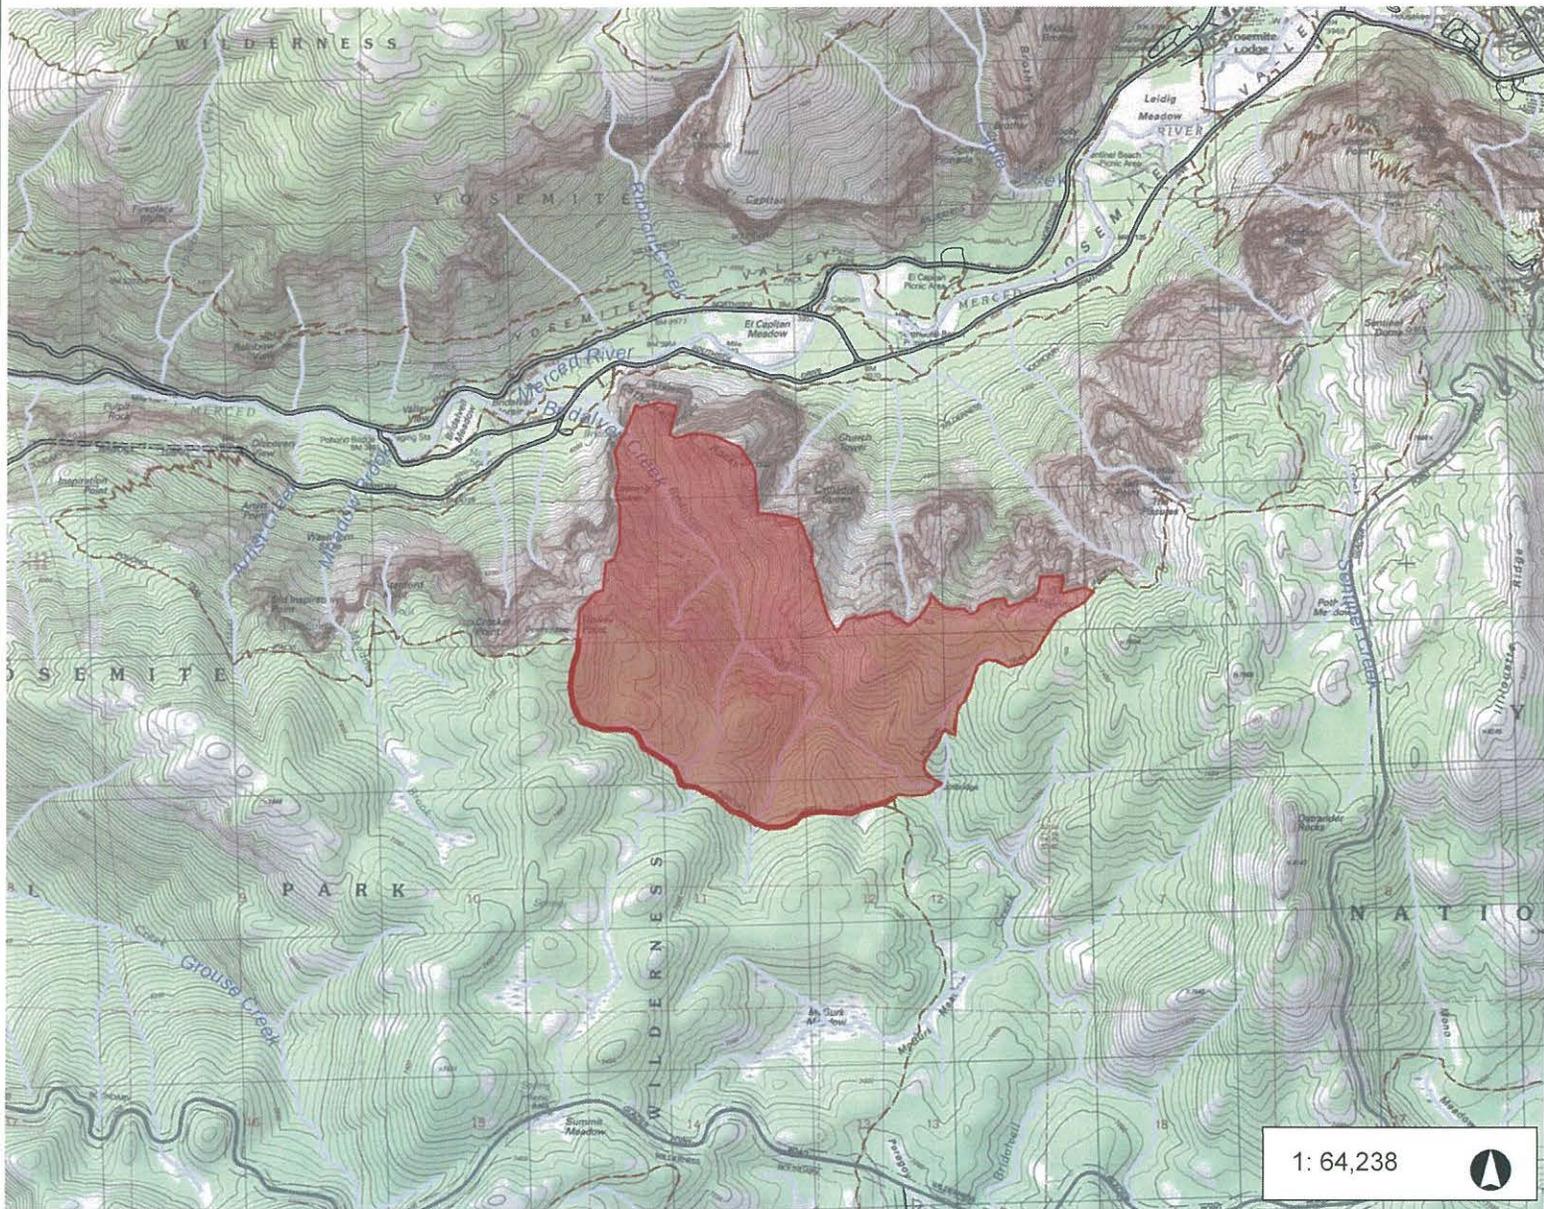

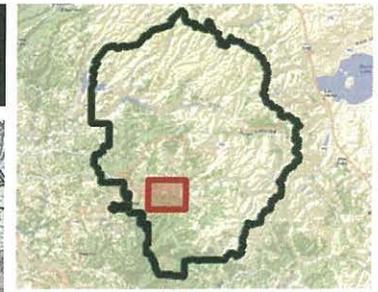

The designation will remain in place until rescinded.
