DEFINITIONS

Administrative Activities means those activities conducted under the authority of the National El Portal Administrative Site Service for the purpose of safeguarding persons or property, implementing management plans and policies developed in accordance and consistent within Title 36 Chapter 1, or repairing or maintaining government facilities, (*e.g., contractor, concessioner, researcher*).

Food means any human food, pet food, grain or other sweet stock food, food-tainted garbage, food-tainted equipment, toiletries such as soap, toothpaste, and cosmetics, and any creams, ointments, or lotions.

Food Container means any object designed to contain food such as ice chests, beverages, coolers, food packaging, and grocery bags whether or not they contain food or any object that contains food such as a pack or stuff sack.

Food storage-Throughout this document when regulations set forth conditions related to proper food storage the use of the word food includes food and food containers.

Road Names are described as:

El Portal Road means from Highway 140 to Foresta Road at the intersection of the Post Office.

Foresta Road means from Highway 140 at the Foresta Bridge to the Administrative Site boundary.

Middle Road connects Foresta Road and Highway 140 adjacent to the El Portal woodyard.

Service Animal means any dog, or in certain reasonable instances miniature horses, individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals for the purposes of this definition. The work or tasks performed by a service animal must be directly related to the individual's disability. The service animal definition should adhere to the guidelines set forth in the current American with Disabilities Act. Dogs whose sole function is to provide comfort or emotional support do not qualify as service animals under the Americans with Disabilities Act.

Special Events means sports events, pageants, regattas, public spectator attractions, entertainment, ceremonies, and similar events, or any event involving an organized gathering of 20 or more people (including nonprofit or charitable organizations).

Trail is any trail shown on the latest edition of 7.5 minute quad topographic maps published by the U. S. Geological Survey.

Unmanned Aircraft is any device that is used or intended to be used for flight in the air without the possibility of direct human intervention from within or on the device, and the associated operational elements and components that are required for the pilot or system operator in command to operate or control the device (such as cameras, sensors, communication links). This term includes all types of devices that meet this definition (*e.g., model airplanes, quadcopters, drones*) that are used for any purpose, including for recreation commerce.

I. VISITING HOURS, PUBLIC USE LIMITS, CLOSURES, AND AREA DESIGNATIONS FOR SPECIFIC USE OR ACTIVITIES

36 CFR § 34.5 (a)(3) 1.5 – VISITING HOURS, PUBLIC USE LIMITS, CLOSURES, AND AREA DESIGNATIONS FOR SPECIFIC USE OR ACTIVITIES

(a)(1) The following visiting hours and public use limits are established for all or for the listed portions of the El Portal Administrative Site, and the following closures are established for all or a portion of the El Portal Administrative Site, to all public use, or to a certain use or activity:

EL PORTAL ADMINISTRATIVE SITE

- Except for Administrative Activities, Visiting Hours: The El Portal Administrative Site is open 24 hours a day, seven days a week except the following areas as described below are closed:
36 CFR § 34.5(a)(3) 1.5; 36 CFR § 34.5(a)(3) 1.5(f)
 - Barium Mines at Rancheria Flat.
 - Waste Water Treatment Plant's settling ponds and sludge drying beds.

- The entire El Portal Administrative Site is closed to viewing wildlife with an artificial light from a motor vehicle.
36 CFR § 34.5(b)(2) 2.2; 36 CFR § 34.5(b)(2) 2.2(e)

The Superintendent has determined that this closure is necessary to prevent illegal hunting within the boundaries of the El Portal Administrative Site 36 CFR 34.5(b)(2) 2.2(e).

- Areas within the El Portal Administrative Site that are designated as construction and/or demolition zones will be closed to the public. These areas will be identified by signing indicating the closure.
36 CFR § 34.5(a)(3) 1.5; 36 CFR § 34.5(a)(3) 1.5(f)

This closure is in effect to protect the public from the hazards associated with construction/demolition.

- Possession of a glass container within 50 feet of any riverbank, on the water, or in a vessel is prohibited.
36 CFR § 34.5(a)(3) 1.5(a)(2); 36 CFR § 34.5(a)(3) 1.5(f)

This restriction is for the protection of natural and cultural resources and public safety.

- Slack lines must not be left unattended except under the following conditions:
36 CFR § 34.5(a)(3) 1.5(a)(2); 36 CFR § 34.5(a)(3) 1.5(f), 36 CFR § 34.5(b)(14) 2.22(a)(2), 36 CFR 34.5(e)(8) 5.13

- Upon approval by the Superintendent or the Superintendent's designee, El Portal Administrative Site residents may leave slack lines installed within their housing assignment provided the lines do not create a hazardous condition or interfere with the orderly management of the El Portal Administrative Site.

Slack lines are inherently an attractive hazard and negatively impact the scenic value of the resource; however, the repeated installation of slack lines in the same area may cause more resource damage than lines left in place.

- Slack lines must not be attached to oak trees.
36 CFR § 34.5(a)(3) 1.5(a)(2); 36 CFR § 34.5(b)(1) 2.1(a)(1)(ii)

Oaks are declining in parts of California and are not reproducing successfully.

- Trees used as slack line anchors must be padded so as to minimize damage to the trees.
36 CFR § 34.5(a)(3) 1.5(a)(2); 36 CFR § 34.5(b)(1) 2.1(a)(1)(ii)

Slack lines have caused significant damage to trees in the El Portal Administrative Site.

- The use of any soap, detergent, or shampoo (biodegradable or otherwise) is prohibited in all waters of the El Portal Administrative Site.
36 CFR § 34.5 (c)(6) 3.16; 36 CFR § 34.5 (c)(6) 3.16, 36 CFR § 34.5(a)(3) 1.5(f)

The restriction is necessary to provide for the highest water quality standards and ecosystem health. Introduction of man-made products may alter water quality and adversely affect micro or macro organisms. 36 CFR 3.21 was amended and incorporated into 36 CFR 3.16 in 2007. The Superintendent's Compendium reflects the correct citation of 3.16 as an administrative correction.

- Launching, landing or operating an unmanned aircraft from or on lands and waters administered by the National Park Service within the boundaries of Yosemite National Park is prohibited except as approved in writing by the superintendent.
36 CFR § 1.5(a)(1); 36 CFR § 1.5(f)

This restriction is to protect the public from hazards and preserve the park's natural, aesthetic, and scenic values. The use of machine airborne or controlled devices, such as Unmanned Aircraft Systems (UAS) or drones, has the potential to interfere with public safety by posing an in-flight hazard to emergency helicopter use in the park. The use of these devices also has the potential to disrupt wildlife by interrupting migration, nesting, mating, and hunting activities to include, but not limited to, protected species such as the Peregrine Falcon. This restriction is in accordance with NPS Management Policy 8.2 which prohibits recreational uses that conflict with the scenic values and view sheds that the park was designated to protect and the associated activities in which individuals seek solitude and tranquility with an expectation of privacy. Furthermore, the use in designated Wilderness Areas violates the Wilderness Act, which prohibits motorized equipment. An interim measure may be put into place at a later date after the park administration evaluates the appropriateness of this new use on a long-term basis.

ROAD CLOSURES

- Except for Administrative Activities or while in possession of a wood permit, the following roads are closed:
36 CFR § 34.5(a)(3); 36 CFR § 34.5(a)(3) 1.5(f)
 - Middle Road
 - Old Firearms Range Road

These roads are closed as they are for administrative purposes and their closure does not affect public use of the Administrative Site.

36 CFR § 34.5 (a)(3) 1.5 (a)(2) The Superintendent has determined that the following activities require conditions and/or restrictions:
