

Your Comments Are Important!

Pages 28-35 of this workbook provide descriptions of the preliminary alternative concepts that are being considered for the *Tuolumne Wild and Scenic River Comprehensive Management Plan*. Please provide feedback on the concepts by carefully separating this form from the workbook and writing your comments on it. After completing your comments, fold the form where indicated, tape shut the top and sides, add postage (thank you!) and place it in the mail. You can also submit comments by email by answering the questions below and sending them to yose_planning@nps.gov, or faxing your responses to 209/379-1294. To be considered in the alternatives development process, comments should be received no later than September 15.

1. Have we presented a full range of preliminary concepts from which to build alternatives in the Draft Tuolumne River Plan? Is there another concept that we have not considered? If so, please describe and/or color the zoning scheme onto the map provided on the other side of this form.

2. What do you like or dislike about each concept? How could these concepts be improved?

Concept 1 _____

Concept 2 _____

Concept 3 _____

Concept 4 _____

3. What are the most important elements that you think should be part of a preferred alternative? Why?

4. Do you have any comments on the management prescriptions/zones?

5. All Tuolumne Meadows Plan scoping comments received during summer 2006 are still being considered. If the information in this workbook has prompted new thoughts about how to plan for Tuolumne Meadows, please provide them here.

Management Prescription

(Choose your own color scheme or use the one provided in the management prescriptions)

- Remote Wilderness
 - Day Use Wilderness
 - High Country Experience
 - High Country Base Camp
 - Historic Tuolumne

Create Your Own Concept

Using the guidance provided by the management prescriptions, create your own management zoning concept.

- The legend consists of eight entries, each with a unique line pattern and color:

 - Wild and Scenic River Boundary (Black solid line)
 - Wild and Scenic River Boundary (Proposed Technical Correction) (Black dotted line)
 - Yosemite Wilderness (Light brown filled area)
 - Non-Wilderness (Light yellow filled area)
 - Hydrography (Blue wavy line)
 - Major Roads (Red zigzag line)
 - Minor Roads (Grey zigzag line)
 - Trails (Dashed grey line)

An inset map in the bottom right corner shows a detailed view of a river network within the wilderness area, with the hydrography line highlighted in blue.
