Keep this Guide with you to get the most out of your trip to Yosemite National Park

Explore Like A Junior Ranger!
Go wild as Yosemite’s newest Junior Ranger and explore and learn about your park, and how you can help protect it today and in the future. You can become a Yosemite Junior Ranger by purchasing a self-guided booklet in any Yosemite Conservancy Bookstore. In order to take the Junior Ranger oath and earn your patch and badge, the booklet must be completed, a bag of trash collected, and a guided program attended. Guided programs are listed on pages 6, 7, 9, and 10. Be ready to share your Junior Ranger adventures with your family and friends! See the Just for Kids section on page 12 for more information.

Adventures Out with Yosemite Mountaineering School
Yosemite Mountaineering School provides outdoor adventures for people of all experience levels. We are here to help you learn how to enjoy Yosemite safely and responsibly. Give us a call to join one of our group classes or schedule a custom outing designed specifically for your group. We offer professional guides for hiking, backpacking and rock climbing. Reservations required. Call (209) 372-8344 or email yms@aramark.com

Stroll with a Ranger
Learn about the wonders of the park on a ranger-guided stroll. Programs are offered daily throughout the park on a variety of topics including waterfalls, trees, bears, geology, and more. (See pages 6, 7, 9, and 10 for details.)

Take a Photography Class
Learn how to best capture the landscape of Yosemite by joining a photography expert from The Ansel Adams Gallery. Several classes are offered each week. Some have fees, some are free. Learn more and sign up at the Ansel Adams Gallery in Yosemite Village. Shuttle stops #5 and #9. (See pages 5 and 6.)

Get outside and enjoy your park!
Summer offers spectacular views of waterfalls, great hiking, and other endless opportunities for recreation. Find the adventures that will make lasting Yosemite memories for years to come.

Go to the Theater
After a day filled with exploring, relax and enjoy a show at the Yosemite Theater. Yosemite Theater presents a variety of performances, including plays based on some of the park's most colorful characters, inspiring films, and celebrations of Yosemite's culture and history. (See page 6 for show descriptions and schedules.)

Yosemite Conservancy Art Programs
Yosemite Conservancy invites you to participate in one of our fun plein air art sessions held Monday through Saturday from 10am to 2pm in Yosemite Valley. Workshops begin at the Happy Isles Art and Nature Center near shuttle stop #16. Come by and browse our selection of art supplies, gifts, and original art. Open daily from 9am to 4pm. See page 6 for details.

Get Outdoors with Yosemite Conservancy
Are you looking for a memorable way to explore Yosemite, tailored to your interests and ability? Our expert guides will enhance your understanding of the park as you walk among Yosemite’s famous cliffs, trees and waterfalls. Whether you’d rather explore the park’s flora and fauna during a gentle saunter along the river or learn about Yosemite’s geology while taking an exhilarating and vigorous hike, we’ll help you create the perfect outdoor experience. Contact us to plan a Custom Adventure for your family or group. Visit yosemiteconservancy.org/adventures or (209) 379-2317 x10 to find your adventure today. See page 6 for details.

Yosemite Conservation Heritage Center
The Sierra Club’s Yosemite Conservation Heritage Center (formerly LeConte Memorial Lodge) is open Wednesday through Sunday from 10am until 4pm. Free evening programs are scheduled for Friday and Saturday evenings at 8pm. Seating is available for 50 guests. The Center, located at shuttle stop #12, has a natural history library, a children’s corner and library, and historical exhibits. Call (209) 372-4542 for program details.

Volunteer Drop-In Program
Want to give back to the park? Consider donating some of your time with the Volunteer Drop-In Program! The Volunteer Drop-In Program is a family-friendly activity where you can take an active role in protecting and preserving our natural resources. Whether it’s your first time to the park or you are a returning visitor, come create new memories while removing invasive species, collecting native seeds, and picking up litter. The Drop-In Program will meet every Friday, starting June 1 at 9:30am in front of the Yosemite Valley Visitor Center. Projects will last 1 to 3 hours and volunteers must wear long pants and closed-toe shoes. Sun protection, water, and snacks are recommended. Youth under eighteen must be accompanied by parent or guardian. Questions? Email yose_volunteers@nps.gov, or call (209) 379-1850.

Access for People with Disabilities
Accessible parking, lodging, tours, and activities are available throughout the park.

For a complete list of accessible services, recreational opportunities, and exhibits, pick up an updated Yosemite Accessibility Guide which is available at park entrance stations, visitor centers, and online at www.nps.gov/yose/planyourvisit/accessibility.htm, or call a park Accessibility Coordinator at (209)379-1035 for more information.

Sign Language interpretation is available upon request. Contact Deaf Services at (209)379-5220 (voice). Two weeks advance notice is requested.

Assistive Listening Devices are available upon advance request, inquire at a visitor center.

Audio tours are available for the Yosemite Valley Visitor Center. Refer to the Accessibility Guide, or contact an Accessibility Coordinator for more information.

Accessible parking spaces are available just west of the Yosemite Valley Visitor Center. To reach these, enter the Valley on Southside Drive. Turn left on Sentinel Drive. Turn left on Northside Drive, and follow the blue and white signs.

Emergency Information
Yosemite Village Garage offers 24-hour emergency roadside assistance for up-to-date road, weather, and park information: (209) 372-6200

Medical Clinic (in Yosemite Valley): Open 7 days per week from 9am to 7pm for primary and urgent care needs. Ambulance available 24 hours by calling 9-1-1. Medical Clinic Phone: (209) 372-4637.

Lost and Found
To inquire about items lost or found at one of Yosemite’s restaurants, hotels, lounges, shuttle buses or tour services, call (209) 372-4357. For items lost or found in other areas of the park, email yose_lostandfound@nps.gov.

Yosemite Travel Tips

The busy summer months have arrived! If you haven’t already, you’re likely to experience congestion, especially in Yosemite Valley. Be prepared for two- to three-hour delays, especially in afternoons and on weekends. Plan accordingly and use restrooms when available.

If you’re visiting Yosemite Valley for the day, look for parking in three major parking lots: Yosemite Falls Parking Lot, Yosemite Village Parking Lot, and at Half Dome Village Parking (formerly Curry Village). Free shuttle service to destinations throughout Yosemite Valley is available from each of these parking lots. If you have lodging or campground reservations, please park at your lodge or campsite.

Once you find a place to park, please leave your car parked. Using the free shuttles will help you avoid congestion and trouble finding another place to park. Parking fills to capacity throughout Yosemite by mid-morning. Don’t forget where you parked your car, as there are multiple parking areas throughout the Valley. Driving or parking on vegetation is prohibited.

Do not use or block the “Bus and Authorized Vehicles” lane while driving in Yosemite Valley. The bus lane ensures emergency vehicles can respond to incidents when traffic is backed up and provides preference for mass transit.

Entrance Fees

Non-commercial car, truck, RV, or van with 15 or fewer passenger seats: Valid for 7 days.
$30/vehicle, $35 beginning June 1, 2018

Motorcycle: Valid for 7 days.
$25/motorcycle, $30 beginning June 1, 2018

Individual: Valid for 7 days.
$15 (in a bus, on foot, bicycle, or horse), $20 beginning June 1, 2018

Yosemite Pass: $60
Valid for one year in Yosemite.

Interagency Annual Pass: $80
Valid for one year at all federal recreation sites.

Interagency Senior Pass ($80)(Lifetime) For U.S. citizens or permanent residents 62 and over.

Interagency Annual Senior Pass: $20
For U.S. citizens or permanent residents 62 and over.

Interagency Access Pass ($Free)(Lifetime) For permanently disabled U.S. citizens or permanent residents.

Interagency Military Pass ($Free)(Annual) For active duty U.S. military and dependents.

Interagency 4th Grade Pass ($Free)(Annual) For fourth graders and their families. Must present paper voucher.

Mariposa Grove Road closed during renovation
Yosemite Valley

Yosemite Valley, open year-round, is world-famous for its impressive waterfalls, cliffs, and unusual rock formations. Get there via Highway 41/Wawona Road from Fresno, Highway 140/El Portal Road from Merced, Highway 120 west/Big Oak Flat Road from Manteca, and (during summer) via the Tioga Road. Yosemite Valley is home to massive cliff faces like El Capitan and Half Dome, plunging waterfalls including the tallest in North America, and attractive meadows. While Yosemite Falls slows to a trickle by August, a moderate hike will bring you to impressive Vernal and Nevada Falls. Walk to Mirror Lake, where you will see reflections of Half Dome. Gaze up at El Capitan, a massive granite monolith that stands 3,593 feet from base to summit. Whether you explore the valley by foot, bike, car, or tour, you will behold scenery that will leave you breathless and eager to see what’s around the next corner.

Glacier Point

Glacier Point, an overlook with a commanding view of Yosemite Valley, Half Dome, and Yosemite’s high country, is located 30 miles (a one-hour drive) from Yosemite Valley or Wawona. To get there from either of these places, take the Wawona Road (Highway 41), to Chinquapin, then turn onto Glacier Point Road. At Glacier Point, a short, paved, and wheelchair-accessible trail takes you to an exhilarating—some might say unnerving—view 3,214 feet down to Yosemite Valley below.

Wawona and Mariposa Grove

The Mariposa Grove of Giant Sequoias is located 36 miles (1 ¼ hours) south of Yosemite Valley via the Wawona Road (Highway 41), two miles from the park’s South Entrance. As of July 6, 2015, the Mariposa Grove of Giant Sequoias is closed for restoration, see page 8 for details. The nearby Pioneer Yosemite History Center in Wawona is a collection of historic buildings associated with people and events that shaped the national park idea in Yosemite. Enjoy a horse-drawn stage ride, watch blacksmiths at work, or hike one of the scenic trails. For more information, visit the Wawona Visitor Center at Hill’s Studio, adjacent to the Big Trees Lodge. This was once a painting studio for the 19th-century artist Thomas Hill.

Tioga Road and Tuolumne Grove

Tioga Road offers a 39-mile scenic drive past forests, meadows, lakes, and granite domes. It is usually open from late May or early June through sometime in November. The road’s elevation ranges from 6,200 feet to nearly 10,000 feet. The White Wolf area, midway across the park, is the starting point for day hikes to Lukens Lake and Harden Lake. To see giant sequoias, park at the Tuolumne Grove parking area on the Tioga Road, and walk one steep mile down to the grove. Or park at Merced Grove trailhead on Big Oak Flat Road and walk 1.5 steep miles down to the grove. These groves are smaller than the more-famous Mariposa Grove, but are quieter and off-limits to vehicles. Remember, walking down is easier than walking back up. **Tioga Road may not be open in May and June due to snow and ice.**

Tuolumne Meadows

Tuolumne Meadows provides a glimpse of the High Sierra. The Wild and Scenic Tuolumne River winds through broad sub-alpine meadows surrounded by even higher granite domes and peaks. It is the jumping off place for countless hikes, whether you venture out for a day or a week. Stop at the Tuolumne Meadows Visitor Center for information about hiking to Cathedral Lakes, Elizabeth Lake, Dog Lake, Lambert Dome, or along the Tuolumne River through Lyell Canyon. Take advantage of the Tuolumne Meadows Hikers’ Bus from Yosemite Valley. **Tuoga Road may not be open in May and June due to snow and ice.**

Hetch Hetchy

Hetch Hetchy Reservoir, a source of drinking water and hydroelectric power for the City of San Francisco, is home to spectacular scenery and the starting point for many wilderness trails. The area’s low elevation makes it a good place to hike in autumn and winter. The Hetch Hetchy Reservoir is located 40 miles (1 ¼ hour) from Yosemite Valley via the Big Oak Flat Road (Highway 120W) and the Evergreen Road. The Hetch Hetchy Road is open from 7am to 9pm, May 1 through Labor Day. Wilderness permits and bear canisters are available at the entrance station from 7am to 9pm. Vehicles and/or trailers over 25 feet long, and RVs and other vehicles over 8 feet wide are not permitted on the narrow, winding Hetch Hetchy Road.
Yosemite Valley

An unlimited array of possibilities await you in Yosemite Valley. Let your senses run wild as you learn about the scenery that surrounds you. See pages 5, 6, and 7 for more information on program topics and visitor services available.

NATURALIST PROGRAMS
Naturalists give walks and talks about Yosemite’s natural and cultural history, every day. See pages 6 and 7 for scheduled walks, talks, and evening programs.

WALKING AND HIKING
From easy walks to Lower Yosemite Fall, Cook’s Meadow, and Mirror Lake to strenuous hikes to the top of Yosemite Falls or Nevada Fall, Yosemite Valley has a wide range of walking and hiking possibilities. See page 17 for a list of hikes.

TOURS
Tours listed below depart from Yosemite Valley Lodge and are weather dependent.

The Valley Floor Tour is a 26-mile, two-hour open-air tram tour narrated by a park ranger. The tour departs Yosemite Valley Lodge several times daily, weather permitting. Check any Tour and Activity Desk for times. Be sure to ask about Moonlight Tours and Starry Skies at Glacier Point Tours, as well!

The Glacier Point Tour leaves Yosemite Valley Lodge at 8:30am, 10am, and 1:30pm daily when the Glacier Point Road is open. One-way tickets are available for those who want to hike down from Glacier Point. Call (209)372-1240 to make reservations or inquire at the tour desks at Yosemite Valley Lodge, Yosemite Village, and Half Dome Village.

RAFTING
Rafting is a great way to see Yosemite Valley. Rafts can be rented at Half Dome Village beginning May 19, from 10am to 4pm, conditions permitting. If you plan to bring your own raft, please see page 4 for safety and regulatory information.

BICYCLING
Experience Yosemite Valley on a bicycle. You can use your own bicycle or rent one from Yosemite Valley Lodge or Half Dome Village, open 8am to 7pm, weather permitting. Bicycles are only allowed on paved roads and paved bicycle paths.

SIGHTSEEING
Some famous, awe-inspiring landmarks that Yosemite Valley is known for include:

• Yosemite Falls gives the Valley an extra touch of life when it’s flowing with spring runoff. You can walk to its base or take the strenuous trail to its top (see page 17).

• Half Dome, Yosemite’s most distinctive monument, dominates most views in Yosemite Valley. Forces of uplift, erosion from rivers and glaciers, and rockfall all shaped this famous feature into what we see today. Cook’s Meadow, Sentinel Bridge, Tunnel View, and Glacier Point, are just a few locations that will grant you some stunning views of Half Dome.

• El Capitan, a massive granite monolith, stands 3,593 feet from base to summit. From spring to fall, climbers come from all over the globe to scale El Capitan.

• Happy Isles is a place to see dramatic natural processes at work. It is easily reached by shuttle at stop #16. Cross the footbridges onto the isles, wander through indoor and outdoor exhibits detailing Yosemite’s geologic story, or connect with nature through daily art workshops and activities.

• Tunnel View, along Wawona Road (Hwy 41) showcases the immensity of the granite walls that surround Yosemite Valley, providing a classic view of El Capitan, Half Dome, Sentinel Rock, Cathedral Rocks, and Bridalveil Fall. It is spectacular at sunset or after the clearing of a storm. Hours listed are core hours for facilities and may be extended during periods of peak visitation. Check local postings for changes to hours of operation.

The incomparable Yosemite Valley

Yosemite Valley embraces one of the world’s most outstanding concentrations of waterfalls, granite walls, meadows, wildflowers, and trees. The Valley also harbors a rich collection of human stories, from American Indian lore to the birth of the national park movement.

Yosemite Valley is a place to connect with nature through daily art workshops and activities. The Ansel Adams Gallery presents a wide variety of photography and pastels. The Yosemite Conservancy Bookstore at Yosemite Valley Visitor Center, Yosemite Museum, and Valley Wilderness Center has a selection of books and gifts and offers seasonal discounts. The Majestic Yosemite Hotel, Half Dome Village, Yosemite Village, and Yosemite Valley Lodge offer a variety of restaurants and cafés. See pages 5, 6, and 7 for more information on program topics and visitor services available.
Valley Visitor Center and Bookstore

The Yosemite Valley Visitor Center and Bookstore are open from 9am to 5pm. The visitor center is west of the main post office, near shuttle stops #5 and #9. The facility offers information, maps, and books. Explore the exhibits and learn how Yosemite’s landscape formed and how people interact with it.

YOSEMITE FILMS

Two films are shown daily, every half hour beginning at 9:30am, except on Sundays, when the first showing is at noon. The last film is at 4:30pm. Ken Burns’ The Spirit of Yosemite plays on the half-hour, in the Theater behind the Yosemite Visitor Center.

Yosemite Museum

Located in Yosemite Village next to the Valley Visitor Center. The museum is open daily from 9am to 5pm, may close for lunch.

INDIAN CULTURAL EXHIBIT

Open daily from 9am to 5pm, may close for lunch. Interprets the cultural history of Yosemite’s Miwok and Paiute people from 1850 to the present.

YOSEMITE MUSEUM STORE

Open daily, 9am to 5pm, may close for lunch. The store offers traditional American Indian arts, crafts, jewelry, and books.

Wilderness Center

Open daily from 8am to 5pm. Visit the wilderness center to learn about wilderness safety, plan trips, obtain wilderness permits and maps, and rent bear canisters. The Valley Wilderness Center is located in Yosemite Village in between the post office and the Ansel Adams Gallery.

HAPPY ISLES ART AND NATURE CENTER

Open 9am to 4pm. Designed for nature-exploring children and their families, the nature center offers natural-history exhibits and a bookstore. Located a short walk from shuttle stop #16.

YOSEMITE CONSERVATION HERITAGE CENTER

Open Wednesday through Sunday from 10am to 4pm, with free evening programs Friday and Saturday at 8pm. The center has a library, a children’s corner, and a new climate change exhibit. The center is located at shuttle stop #12.

The Ansel Adams Gallery

In Yosemite Village next to the Valley Visitor Center, the gallery is open daily from 9am to 6pm. The gallery offers the works of Ansel Adams, contemporary photographers, and other artists. See page 6 for photo walk times. For more information, call (209)372-4413, or visit www.anseladams.com.

EXHIBIT: Alan Ross: The Language of Light April 8, 2018 - May 19, 2018

Yosemite and Alan Ross have a storied history. Mr. Ross has been photographing this hallowed valley since he first came to work for Ansel Adams in 1974. Many adventures followed — the camera in tow as he developed his language of light. “For me, a photograph is very much a kind of language. It can be as practical and unadorned as an entry in an encyclopedia. It can be a chapter in a novel, or it can be haiku. And for those of us to whom words do not come easily, a photograph is a language that allows us to express who we are and how we respond to the world around us. I have used this “language of light” for more than 40 years,” Alan said.

The Ansel Adams Gallery has hosted a series of exhibitions that have showcased Mr. Ross’ unique vision over the years, and we are excited to continue this tradition.

NEW EXHIBIT: Penny Otwell: Seeing Is Believing May 20, 2018 - July 7, 2018

There is immensity to Yosemite that relates to both time and place—it pervades us here; it makes us feel humble. But there is also a romantic courtship that seems so genuine that, in spite of our diminutive status within these walls, we do not wish to leave their company. This dichotomy tugs and pulls at you, generating an internal rhythm as undulating as the folds of granite above you, as reliable as the internal rhythm as undulating as the folds of granite above you, as reliable as the coming of spring, and as consistent as the rolling current of the Merced River at your feet. Where too many words could never say enough, visual artists have navigated this terrain through light and paint, framing a fraction of the park which accentuates and tames the vitality of our experiences that are all at once unique and shared. And perhaps no artist has spent more time and energy within this mode in recent memory than Penny Otwell.

Penny has said of her time as an artist in Yosemite that “being a painter is like being a scientist: the facts are in front of you, the arrangements are endless, conditions, premises, and conclusions all determine each painting. Asking “what if?” is my way of experimentation in making art. Motivated by the rhythm and design observed in granite forms and geological changes, my painting style is uniquely my own.”

New work by Ms. Otwell will be on display at The Ansel Adams Gallery as part of her exhibition, “Seeing is Believing” between May 20 and July 7, 2018. The gallery will also be hosting a reception for the artist on June 13 from 3pm to 5pm. We hope you have the opportunity to come by and share in the experience.

Yosemite Search and Rescue
Traditional null are usually held on Wednesdays. Meet John Muir in the early 1900s, as he receives news on the fate of Hetch Hetchy Valley. Live performance by Lee Stetson.

Migration of Yosemite, The Splendid Life of Florence Nightingale (Fridays). Travel back to the 19th century to see what life was like for a spirited girl growing up in Yosemite Valley. Live performance by Audrey Davis.

Return to Balance: A Climber’s Journey (Saturdays). Join rock-climber Ron Kauk for a film and conversation on the art of climbing, Yosemite’s natural history and how we can all return to balance.

John Muir Series (Thursdays). As modern-day environmental woes threaten his beloved planet, Muir urges us to become better stewards of the natural world. Live performance by Lee Stetson.

Yosemite Conservancy Art Programs (YC)
Join Yosemite Conservancy for a range of activities at our art program’s new home: Happy Isles Art and Nature Center! Learn from a professional artist, drop in for a kid’s activity, browse supplies and original artwork, and more. The center is open daily, 9am to 4pm. Upcoming programs include:

May 14-May 19  Beginner Watercolor with Rita Randolph
May 25-May 26  Beginner Watercolor with Rita Randolph
May 28-June 2  Drawing with Charcoal with Jeff Menning
June 1-June 3  Intermediate Plein Air Watercolor with Sonja Hamilton
June 4-June 9  Drawing with Graphites with Jeff Menning
June 11-June 16  Painting and Printmaking with Sue Forrest
June 18-June 23  Painting and Printmaking with Sue Forrest

Daily art classes for ages 12 and up are taught by volunteer instructors Monday-Saturday, 10am-2pm ($20 per person, per class; materials and supplies not included in registration price). Classes are recommended for ages 12 and up, and are typically held outside. Bringing younger kids? One-hour instructed classes for children ages 2 to 11 are held Monday and Wednesday (11:15 am to 12:45 pm). $20 per family, materials included.

This year, we’re also offering multi-day art adventure programs that combine hiking, climbing and creativity. To learn more and register for any of our art programs, visit yosemiteconservancy.org/art or call (209)372-0631 or atcurry@yosemiteconservancy.org. or visit us at Happy Isles!

Starry Night Skies Over Yosemite 1 hr. Discover the stories of the night sky! Advanced registration required, tickets and information are available at any tour & activity desk. See pg. 5 for locations. (YL) $
Experience Your America  Yosemite National Park

Wawona, Mariposa Grove, and Glacier Point

Explore History, Discover Giant Trees, and Find Amazing Vistas
These park areas offer endless opportunities for amazing experiences.

Wawona
JUNIOR RANGER PROGRAM
Join a ranger near the south end of the Wawona Covered Bridge for an hour of nature exploration. See page 9 for schedule. Especially for ages 7 to 12.

EVENING PROGRAMS
Join pianist/singer Tom Bopp in the Big Trees Lodge lobby from 5:30pm to 9:30pm, Tuesday through Saturday, as he performs songs and stories from Yosemite’s past. Once or twice a week, he will present an hour-long interpretive program on the vintage songs of Yosemite or the history of Wawona with slide or music accompaniment. Check with Tom at the piano for dates and times.

WAWONA VISITOR CENTER AT HILL’S STUDIO
The Yosemite Conservancy Bookstore (only) will be open daily from 8:30am to 5pm, may close for lunch. Beginning May 24, Hill’s Studio will be open daily from 8:30am to 5pm. The visitor center offers information about park activities, books, wilderness permits, trail information, bear canister rentals, and maps. Until May 24, wilderness permits for Wawona trailheads can be obtained by self-registration on the front porch, bear canisters can be rented inside the bookstore. Located on the grounds of the Big Trees Lodge, Hill’s Studio was the gallery and art studio of famous 19th-century landscape painter, Thomas Hill. Walk from the lodge or park at the Big Trees Lodge Store parking area and follow the path up the hill.

Pioneer Yosemite History Center
Go back to a time of horse-drawn wagons, a covered bridge, and log cabins. A visit to the Pioneer Yosemite History Center explores Yosemite’s history and explains how Yosemite was the inspiration for national parks across America and around the world. The center is always open, and interpretive signs and brochures are available.

EXPERIENCE HORSE-DRAWN TRAVEL
Travel into history by taking a 10-minute horse-drawn stage ride. Tickets may be purchased at the Stage Office in the Pioneer Yosemite History Center. See page 9 for dates, times, and locations. Five dollars for adults and $4 for children ages 3 to 12-years old.

BLACKSMITH SHOP
Smell the burning coal, hear the ring of the hammer on the anvil, and watch a demonstration of the ancient art of blacksmithing. See page 9 for dates, times, and locations.

Mariposa Grove
Located near Yosemite’s South Entrance, the Mariposa Grove is the park’s largest stand of giant sequoias, with about 500 trees in the grove.

GREAT THINGS ARE HAPPENING IN THE MARIPOSA GROVE!
The Restoration of the Mariposa Grove of Giant Sequoias Project is now underway! On July 6, 2015, a temporary closure of the grove began with hopes to re-open in June 2018. The restoration project will improve the habitat and restore the hydrology of the Mariposa Grove and improve visitors’ experience and enjoyment of the grove. Trails will be improved providing universal access along with improved restrooms.

The Mariposa Grove Road is closed to all public access, including bicycle and pedestrian traffic. Hiking trails within the grove are also closed.

Glacier Point
EVENING PROGRAMS
Meet a ranger to enjoy the lengthening shadows in Yosemite Valley and the alpenglow (or moonrise) on the Sierra high country. Stargazing programs, ranger walks, and sunset talks are all offered for your enjoyment at this stunning location. See next page for times and for more information.

Programs printed in **ALL CAPS AND COLOR** are especially for children and their families.
Within Tuolumne Meadows, one of the largest high-elevation meadows in the Sierra Nevada, the Tuolumne River meanders quietly through its meadow channel and is surrounded by a backdrop of rugged mountain peaks and glaciated carved domes.

Tuolumne Meadows

“Tuolumne Meadows services, programs, and trailheads may not be available before June due to snow and icy conditions.

When the Tioga Road is open, the drive through Tuolumne Meadows at 8,600 feet above sea level (2,621 meters), provides a glimpse into the High Sierra. The Wild and Scenic Tuolumne River winds through broad sub-alpine meadows surrounded by even higher granite domes and peaks. This is the jumping off place for countless hikes, whether you venture out for a day or a week. Stop at the Tuolumne Meadows Visitor Center for information and trail conditions if you are considering hiking to Cathedral Lakes, Elizabeth Lake, Dog Lake, Lembert Dome, or along the Tuolumne River through Lyell Canyon. Stay on trails to protect this unique and fragile place. Check local postings for Ranger Programs in the area!

Wilderness Center
The wilderness center is located just south of Tioga Road, along the road to Tuolumne Meadows Lodge, across from shuttle stop 83.

Big Oak Flat

Big Oak Flat Information Station
The Yosemite Conservancy Bookstore (only) will be open daily from 9am to 5pm, may close for lunch. Beginning May 24, the Information Station will be open daily from 8am to 5pm. The information station offers information about park activities, books, wilderness permits, trail information, bear canister rentals, and maps. Until May 24, wilderness permits for the Big Oak Flat Road and Tioga Road trailheads can be obtained by self-registration on the front porch and bear canisters can be rented inside the bookstore. The center is located just inside the park entrance on Hwy 120W.

Tuolumne Grove
The trailhead for the Tuolumne Grove, which consists of approximately 25 sequoias is near the intersection of the Big Oak Flat and Tioga roads at Crane Flat. The former route of the Big Oak Flat Road leads downhill from the parking area into the grove. The trail drops 500 feet (150 meters) in one mile. The way down can seem much easier than the uphill return. The trip is moderately strenuous on the uphill portion. Within the Tuolumne Grove there is an easy, half-mile nature trail. There is no potable water available. Be sure to bring drinking water with you.

Merced Grove
Yosemite’s quietest stand of sequoias is the Merced Grove, a group of about 20 big trees accessible only on foot. It’s a three-mile round-trip hike (about 3 hours) into the grove. The trail drops down 1.5 miles making this a moderately strenuous hike on the uphill portion. There is no potable water at the parking area or down in the grove. Bring drinking water with you. The grove is located 3.5 miles north of Crane Flat and 4.5 miles south of the Big Oak Flat Entrance along the Big Oak Flat Road (Highway 120 West). The trail is marked by a sign and a post labeled B-10.

Tuolumne Meadows programs, services, and trails may not be available before June due to snow and icy conditions.

FOOD & BEVERAGE

Tuolumne Meadows Grill
8am to 6pm, beginning June 2, conditions permitting
Tuolumne Meadows Lodge Dining Room
Beginning June 2, conditions permitting
Breakfast: 7am to 9am
Dinner: 5:30pm to 8pm, Reservations strongly recommended (209)372-8413

White Wolf Lodge
Dining Room, beginning June 8, conditions permitting
Breakfast: 7:30am to 10am
Dinner: 5:30pm to 8pm, Reservations recommended, (209)372-8416.

GIFTS & GROCERIES

Tuolumne Meadows
Gift/Groceries
8am to 8pm, beginning May 26, conditions permitting

Crane Flat
Gift/Groceries
8am to 7pm

Yosemite Conservancy Bookstore at Big Oak Flat Information Center
9am to 5pm

GAS STATION

Crane Flat
8am to 7pm, conditions permitting
Diesel & propane available. Pay at the pump 24 hours with credit or debit card.
Here Is How YOU Can Become A Junior Ranger!

Every year, hundreds of thousands of youth are sworn in as Junior Rangers in National Parks across the country! At Yosemite alone more than 20,000 youth participate in the Yosemite Junior Ranger Program, earning themselves an official Junior Ranger patch and badge! You could become Yosemite’s newest Junior Ranger today by completing the following steps:

- **Purchase your Junior Ranger Hand Book** at any of the Yosemite Conservancy Bookstores located in the Visitor Centers, or at the Village Store
- **Complete the pages in your Junior Ranger Booklet**
- **Attend a Guided Program.**
- **Return your completed book to the staff at a Visitor Center, or the Happy Isles Art and Nature Center, or attend a Junior Ranger Swear-in Ceremony.**
- **Take your official Junior Ranger Pledge.**
- **Earn your official Junior Ranger Badge along with a Junior Ranger Patch or a Little Cub Button.**

**JUST FOR FUN - Explore, Learn and Protect!**

1. **Who am I?**
   a.) I am a small mammal who is often mistaken for a Chipmunk, but unlike the Chipmunk, the two stripes on my back only go up to my neck, not to my head. Who am I?
   ____________________________________________________________________________________

   b.) My excellent sense of smell might lead me right to your cooler, your car or your tent which is why it is important to store all your food properly! I also have excellent vision and can recognize a grocery bag or food containers! Who am I?
   ____________________________________________________________________________________

   c.) I am a four legged mammal who can be found in the high country. Some people think I have antlers but I actually have horns! Who am I?
   ____________________________________________________________________________________

2. **Draw a picture of something you saw while visiting Yosemite National Park!**

3. **The animals located to the right all call Yosemite National Park home. Circle the animal(s) you saw during your visit to Yosemite. Write three ways you can protect Yosemite’s wildlife.**

   b.) ________________________________________________________________________________
   c.) ________________________________________________________________________________
Bears and Wildlife

Enjoying wildlife safely and responsibly

Keep Wildlife Wild!

Black bears, coyote, deer, and grey squirrels are just a few of the many animal species in the park that are active year round. Learn how to help protect Yosemite’s wildlife.

Store Your Food Properly. 4,000 to 20,000 calories worth of grapes, berries, acorns, and grubs—that’s the typical daily diet of most bears. It’s a lot easier for a bear to eat the thousands of calories of food in an ice chest than it is to spend all day nibbling at grasses. Their incredible sense of smell allows them to detect things we can’t, which helps them find food—a black bear can smell a dead deer three miles away. To top it off, bears have excellent vision and can see in color, so they recognize ice chests, grocery bags, and other food containers as potential food sources.

If you see a bear, scare it away or keep your distance. You may not see a bear during your visit because they naturally avoid people. However, if you see one in a developed area (like a campground or parking lot), act immediately to scare it away. Make noise and yell as loud as possible. If there is more than one person, stand together to present a more intimidating figure, but do not surround the bear.

If you see a bear anywhere else, consider yourself lucky—but keep your distance (at least 50 yards, or about the distance made by four shuttle buses parked end to end). If you get too close, you will be helping the bears become used to being around people. Bears that become comfortable around humans lose their natural fear of us and may become too aggressive. When that happens, they sometimes have to be killed.

Drive the speed limit. The most common human-related cause of death for a black bear in Yosemite is being hit by a car. Slow down! Driving too fast is almost always the cause of these accidental deaths.

Red Bear, Dead Bear Did you notice the red bear markers as you drove through the park? Each of them mark a place where a bear was recently hit. Every year bears, hundreds of deer, and countless other animals are killed while trying to cross park roads. Many of these deaths could have been avoided if drivers observed posted speed limits.

Please remember that Yosemite National Park is a wildlife preserve: by driving the speed limit you are helping to protect the park and its wildlife.

Backpackers: Save Your Food, Save A Bear Bear resistant food canisters are 2.7-pound containers that can be used to store five or more days of backpacker food when meals are carefully planned. Canisters have an inset lid that bears are unable to open. When used correctly, bears learn that—although they smell like food—the canisters are not worth investigating.

Report Bear Sightings! To report bear sightings, improper food storage, trash problems, and other bear-related problems, leave a message for the Bear Management Team at (209) 372-0322. Your call can be made anonymously. For more information regarding bears and proper food storage, visit the park’s website (www.nps.gov/yose/beirs).

Coyotes Watching a coyote hunting for mice in one of Yosemite’s many meadows can be an amazing wildlife experience. Coyotes are opportunistic carnivores that primarily prey on small mammals. Like bears, their diets change throughout the year with food availability. Unfortunately, coyotes sometimes change their natural behavior to try to obtain human food. Approaching, and/or feeding coyotes can cause them to lose their natural fear of humans. Please do not stop to feed coyotes that you see along the sides of the roads. This encourages them to frequent roadsides to beg for food, endangering both coyotes and drivers.

How to Store Food

*Food* includes any item with a scent, regardless of packaging. This may include items that you do not consider food, such as canned goods, bottles, drinks, soap, cosmetics, toiletries, trash, ice chests (even when empty), and unwashed items used for preparing or eating meals.

**Location** | **Food in Vehicle** | **How to Store Food**
---|---|---
Your Vehicle | You may store food in your car (with windows closed) only during daylight hours. Do not store food in your car after dark; use a food locker. Remember to clear your car of food wrappers, baby wipes, and crumbs in baby seats. Never leave unattended food wrapped to the outside of a vehicle or in a pickup truck bed. | Bears can smell food, even if it’s sealed in the trunk or glove compartment, and they recognize boxes and bags as potential food sources. They can easily and quickly break into all kinds of vehicles! |
Your Campsite or Tent Cabin | The best store all your food in food lockers—not in your tent or tent cabin. A food locker is available at each campsite and tent cabin. Food may be stored out of sight in hardenedidding this with windows closed. | Bears may enter campsites when people are present, and some may even check food lockers to see if they’re secured. Keep food lockers closed and locked at all times, even when you are in your campsite or tent cabin. |
Picnic Areas & on the Trails | Do not leave food unattended. Always keep food within arm’s reach. Don’t turn your back to your food. Bears may investigate picnic areas or backpacks for food even when people are present, so be alert. | Bears look for potential food sources. They are possible, just as is injury from any wild animal. |
Backpacking in the Wilderness | Bear resistant food containers are required throughout the Yosemite Wilderness. Hanging food is prohibited in Yosemite. | In Yosemite and the southern Sierra, bear canisters are the only effective and proven method of preventing bears from getting human food. |
Keep yourself safe while exploring your park.

There are many ways to experience the wildness of Yosemite. While the forces of nature can create unexpected hazardous conditions, with a little common sense and some pre-planning, you can minimize the risks associated with many activities.

ENJOYING YOSEMITE IN LATE SPRING

Late spring is a vibrant season in Yosemite. Every detail of nature seems to be reaching its peak. Streams and waterfalls are at peak flow, refreshing life throughout the Park. This is a great time to visit Yosemite and create wonderful, safe and healthy memories.

WEATHER

While there is ample snow still on the ground in the higher elevations—it is unlikely to fall from the sky this time of year. Hotter and drier weather is more likely at all elevations. Prevent dehydration by drinking water throughout the day and frequently eating salty, easy-to-digest snacks. Thunderstorm season is here. Remember, when you can hear thunder there is no safe place to be outside. Follow the saying, “when thunder roars, go indoors.” If you cannot reach a building or car (with a hard top), hike down and away from ridges and outcroppings. Do not be the tallest object or near a tall object.

RIVERS AND STREAM

Yosemite’s streams are a huge temptation for the curious, the photographer, and the overheated and weary hiker simply wanting to cool tired feet. Do not be fooled! Yosemite’s water is deceptively dangerous and unforgiving. Visitors are strongly urged to enjoy moving or falling water from a safe distance. Please DO NOT LEAVE THE TRAIL.

BOATING / FLOATING

Before boating or floating, please check the Park’s website at https://www.nps.gov/yose for allowable locations and conditions. We strongly urge you to wear a Coast Guard approved Personal Flotation Device (PFD) when on the water. Mishaps occur so suddenly that you will not have time to put on your PFD. Lastly, make sure your watercraft is suitable for water conditions.

YOSEMITE’S TRAILS

Yosemite’s 800 miles of trails wind through natural areas and endure all the forces of nature including flooding, fire, and slides. High country trails can still be under snow and exposed trails may be damaged due to erosion or fire. Always carry a good topo map and compass (GPS optional) and be prepared to turn around if conditions are beyond your comfort zone.

YOSEMITE’S ROADS

What does your home town and Yosemite National Park have in common? Answer: the traffic can be just as dangerous here plus we have other hazards such as rock fall and abundant wildlife, including deer and bears. Moreover, there are many sites to distract drivers. If you cannot devote 100 percent of your attention to your driving, please pull completely off the road into designated pull-offs and parking areas. Also, Buckle up! Park rangers enforce California’s Motor Vehicle Code on park roads.

FOR ALL SEASONS

• Stay on established trails or in developed areas – do not take trail shortcuts or approach the water. Almost all of Yosemite’s non-traffic related serious injuries occur off trail.
• Rock scrambling – leave this to the critters.
• Water and food – Carry more water than you need; stay hydrated and snack frequently – make sure you have plenty of food and water. If you are sweating, replace lost salts with salty, easy-to-digest snacks.
• Hiking Essentials – include a flashlight or headlamp, sunglasses, sunscreen, navigation, and a signaling method (mirror and whistle).
• Let someone know – always leave your travel and hiking plan, including your intended route and estimated time of return, with a trusted person. If no one knows you are missing, no one is going to be looking for you.

And remember this truism: you are responsible for your safety.

HANTAVIRUS INFORMATION

Mice are an important part of the ecosystem, but can carry diseases harmful to humans. Hantavirus Pulmonary Syndrome (HPS) is a rare but serious disease spread to humans via the droppings, urine, or saliva of infected rodents. Not all rodents are infected with hantavirus, but infected rodents have been found throughout the US. You may come into close proximity to rodents during your visit, so it is important you take steps to protect yourself from HPS. HPS risk is greater inside of buildings or other enclosures where deer mice are present. If staying in guest lodging, please tell the housekeeping staff if you see evidence of mice in your accommodations. Do not clean up the area yourself. Keep doors to guest lodging shut and do not bring food into your cabin that is not in a sealed container. If you are camping and backpacking, do not pitch tents near rodent burrows or droppings. HPS often begins with flu-like symptoms such as aches, fever, and chills one to seven weeks after exposure, progressing to cough and difficulty in breathing. Seek medical attention immediately if you experience these symptoms and mention any potential rodent exposures to your physician. For more information on hantavirus and other environmental safety hazards visit: http://www.nps.gov/yose/planyourvisit/yoursafety.htm

PLAGUE

Plague is an infectious bacterial disease that is carried by squirrels, chipmunks and other wild rodents and their fleas. When an infected rodent becomes sick and dies, its fleas can carry the infection to other warm-blooded animals including humans. To protect yourself from plague, never feed wildlife, avoid dropping food scraps that attract rodents when eating outside, avoid pitching a tent near or disturbing rodent burrows, wear insect repellent with DEET, and tell a park ranger immediately if you see a dead animal.

Early symptoms of plague may include high fever, chills, nausea, weakness, painful swelling at the site of an insect bite or lymph node, and other flu-like symptoms. If you develop any of these symptoms within 6 days of visiting an area at risk for plague in the park, see your doctor and inform them you may have been exposed. Plague is treatable with antibiotics if given in time.

AVOID CONTACT WITH WILDLIFE AND KEEP FOOD AND TRASH STORED PROPERLY.

Wild animals in Yosemite can transmit numerous diseases, including plague, rabies, and hantavirus. Keeping your distance and your food from wildlife not only protects them, it also protects you from injury and exposure to diseases. If you encounter a mammal, particularly a raccoon, skunk, fox, coyote, or bat, that is behaving erratically, don’t touch the animal. Instead, report the sick animal to a park employee. In addition to keeping bears away, storing your food properly also reduces your exposure to rodents and their fleas, which may carry plague.
Permit Required to Hike Half Dome

Permits to hike to the top of Half Dome are required seven days a week. The season begins on March 26. In addition, approximately 225 pre-season lottery permits have already been issued for 2018. More information is available at: http://www.nps.gov/yose/planyourvisit/hdpermits.htm. For backpackers more information is available at: http://www.nps.gov/yose/planyourvisit/hdwildpermits.html.

Rafting

Conditions permitting, rafting on the Merced River in Yosemite Valley (Clark's Bridge to Sentinel Beach) and the South Fork of the Merced River in Wawona is open from 10am to 6pm daily to non-motorized vessels or floatation devices. The entire length of the Merced River in Yosemite Valley is closed to all floatation devices when the river gauge at Sentinel Bridge reads 6.5 feet or higher. Ask at a visitor center for conditions and obey all posted signs.

You must have a U.S. Coast Guard-approved personal flotation device. Fallen trees and other natural debris in the river create important habitat for fish and other wildlife. Be alert—they can also create hazards for rafters.

Bicycling

Each season, plants are crushed from bicycle travel in meadows, campgrounds, and picnic areas. Please respect park resources and keep bicycles on paved roads and paved bicycle trails. Bikes are not allowed to travel off paved trails. Mountain biking opportunities are available in designated areas outside of Yosemite.

Backwoods Bathroom Etiquette

Help us keep our water clean! Human waste must be buried at least 6 inches deep, and at least 100 feet away from any source of water. Toilet paper must be packed out.

Trail Etiquette

Trails are built to help you find your way into (and out of) the Wilderness, but they're also carefully designed to minimize impact on the landscape and prevent erosion. Please stay on the trail to help protect your park.

Tuolumne Water

Did you know that water from Tuolumne Meadows provides drinking water to over 2.6 million people, and irrigation water to thousands of acres? Help keep this water clean but using established restrooms and staying on trails.

Yosemite Guardians

Visitors to Yosemite National Park are the park's most important guardians. With over 5 million people watching over its special plants, animals, historic, and archeological sites, imagine how well-protected these park resources could be!

During your visit to Yosemite be aware that there are people who either unknowingly or intentionally harm park resources. Please contact a park official if you see any of the following illegal acts:

• Feeding or approaching wildlife
• Collecting plants
• Hunting animals
• Collecting reptiles and butterflies
• Picking up archeological items, such as arrowheads
• Using metal detectors
• Driving vehicles into meadows
• Biking off of paved roads
• Camping outside of designated campgrounds
• Possession of weapons inside federal facilities
• Possessing or using marijuana, including medical marijuana
• Operating an unmanned aircraft system ("drone")

If you see activities that could harm people or park resources, jot down any descriptions or a vehicle license plate number and call the park dispatch office at 209/379-1992.

For More Information

To find out more about Yosemite National Park regulations visit www.nps.gov/yose/planyourvisit/yoursafety.htm and find a copy of the Superintendent's Compendium. This document is a compilation of designations, closures, permit requirements, and other restrictions made by the superintendent, in addition to what is contained in Title 36 of the Code of Federal Regulations (Chapter 1, Parts 1 through 7 and 34), and other applicable federal statutes and regulations.
Yosemite National Park contains 13 popular campgrounds. Up to seven are on a reservation system, the rest are first-come, first-served. From April through September, reservations are essential and the first-come, first-served sites often fill by noon during these months.

**Camping Reservations**

Reservations are required March through November for camp sites in Yosemite Valley’s car campgrounds, and summer through fall for Hodgdon Meadow, Crane Flat, Wawona, and half of Tuolumne Meadows. All other campgrounds (except group and stock campgrounds) are first-come, first-served. Campground reservations are available up to five months in advance, on the 15th of each month at 7am Pacific time. Log onto the website or call as soon as possible as some campgrounds fill within a few minutes of the opening period.

For campground reservations, visit www.recreation.gov or call (877)444-6777 or TDD (877)833-6777 from 7am to 9pm, Pacific time, March through October, or from 7am to 7pm, November through February. Call (518)885-3639 if you’re dialing from outside the U.S. and Canada.

Campground offices in the park are located in the visitor parking area at Half Dome Village (shuttle bus stop #14), the Tuolumne Meadows Campground entrance, in Wawona off Chilnualna Falls Road, and at the Big Oak Flat Information Station.

**Yosemite Valley**

There is a 30-day camping limit within Yosemite National Park in a calendar year, however, May 1 to September 15, the camping limit is 14 days, and only seven of those days can be in Yosemite Valley or Wawona.

Camp 4 is a walk-in campground and is open all year on a first-come, first-served basis; these camp sites are not wheelchair accessible. Sites are available on a per-person basis, and six people will be placed in each campsite, regardless of number of people in your party. Camp 4 often fills before 9 am each day, May through September.

**Camping in Areas Surrounding Yosemite**

The U.S. Forest Service operates a variety of campgrounds on a seasonal basis near Yosemite. For additional information, contact Groveland Ranger Station at (209)612-7825; Mariposa Ranger Station at (209)966-3638; Mono Lake Ranger Station at (760)647-3044; or Oakhurst Ranger Station at (559)683-4636. For private campgrounds outside Yosemite, call the respective chamber of commerce or visitor bureau listed on page 10.

**Group Campgrounds**

There are group campsites at Tuolumne Meadows, Hodgdon Meadow, Wawona, and Bridalveil Creek Campgrounds. Reservations can be made the same way as individual site reservations; 13 to 30 people are allowed in each group campsite. Tent camping only. Pets, RVs, and generators are not permitted in group sites.

FEATURED HIKE

Mirror Lake Loop

Distance: 5 miles / 8 kilometers
Elevation Gain: 200 feet
Difficulty: Moderate
Time: 2 to 3 hours
Trailhead: Mirror Lake (shuttle stop #17)

Trail Description:
This trail begins at shuttle stop #17. The first mile of this trail is a paved service road that leads directly to Mirror Lake. You may access the loop trail from the end of the paved path. The loop follows Tenaya Creek beyond the lake, and crosses two bridges after the Snow Creek Trail junction before returning past Mirror Lake on the south side of Tenaya Canyon.

Mirror Lake is often referred to as Mirror Meadow in late summer due to the lack of water and the influx of grasses and sandy areas, however, this hike allows for exhilarating views of Half Dome and Mt. Watkins. Exhibits along the trail tell the story of Mirror Lake’s lake-to-meadow succession, and also highlight some of the cultural history of the area.

Know Before You Go:
- Swimming is not permitted in the Hetch Hetchy reservoir or in Emerald Pool above Vernal Fall.
- Stay away from swiftly-moving water.
- Keep children from wandering on or near these hazards. Choose swimming areas carefully and swim only during low water conditions.
- Always supervise children closely.
- Avoid areas of whitewater, where streams flow over rocky obstructions.
- Never swim or wade upstream from a waterfall, even if the water appears shallow and calm. Each year, unsuspecting visitors are swept over waterfalls to their deaths when swimming in these areas.
On a sweltering summer day in 2017, two bright-eyed children proudly took the Junior Ranger pledge at the Yosemite Valley Visitor Center desk. Their hands animatedly waving as they spoke, these two siblings answered each question with enthusiasm. They were masters at the process, having completed Junior Ranger project books at a long list of parks their family had visited through the years. Nonetheless, this particular experience was unforgettable for the family and the ranger - so much so that months later, their parents emailed the ranger to marvel that the kids were still talking about that day and musing if they should grow up to be rangers. Before then they had never participated in their native language, American Sign Language (ASL); and they had never met a signing ranger.

Yosemite holds the honor of being the first park in the national park system to establish a Deaf Services Program, which began in 1979. Although the Rehabilitation Act of 1973 established the legal requirement of equal access to programs in the parks, most parks weren’t providing services in those days. In 1978, Deaf visitor Dale Dahl attended a park program with his partner, Maureen Fitzgerald. Fitzgerald, a professional interpreter, volunteered her services that day. Luckily, the ranger leading the program happened to be the Chief of Interpretation, Len McKenzie. Although McKenzie acted out bird behavior for Dahl, it was obvious Fitzgerald’s interpretation was invaluable. Shortly thereafter, a letter from Dahl and Fitzgerald arrived on McKenzie’s desk with an offer to assist in creating a Deaf Services program for the park. Fitzgerald was offered a Volunteer in Park position that summer. She brought in Mary Ellen Lentz, Deaf community member and avid camper and skier, to advise the park.

Since then, a series of skilled rangers have served as ASL interpreters. Years of summer services, partnerships with the Deaf community and active Deaf outreach has built a cadre of passionate Deaf supporters of Yosemite. In 2016, Yosemite became the first park to create a permanent and year-round ASL interpreter position, the Deaf Services Coordinator (DSC). Behind the scenes, the DSC provides accessibility training to park staff, creates videos in ASL on the Deaf Services webpage and maintains equipment, such as the park’s public videophone and collection of Assistive Listening Devices, available by request. But the interactions with Deaf and hard of hearing visitors are the heart of the program. Offerings include trip planning by videophone, email and in person at the visitor centers, and interpretation of any park program at no cost to the visitor. These seemingly simple services make a world of difference for a Deaf visitor. A recent Deaf visitor commented, “We met the Deaf Services ranger at the visitor center and went on a tram tour with her interpreting. Everything was easy. For the first time, we understand the story of the park!”

In 2008, the Deaf Services Program was honored to receive the National Park Service Accessibility Achievement Award, given to an individuals or group that exemplifies the concept of universal accessibility in the park system. Yosemite National Park is proud to offer access to Deaf and hard of hearing visitors. Please spread the word about this unique service, and share with us your own experience!

Facebook page: Yosemite Deaf Services

Did You Know

• Yosemite is the first park in the national park system to establish a Deaf Services Program.
• Yosemite is the first park to create a permanent and year round sign language interpreter position.
• Since 1973, National Parks have been required to provide equal access for programs and services for Deaf and hard of hearing visitors.
• Those who identify as “Deaf with a capital D” are part of a culture and community that uses American Sign Language as their primary language.
• Each country has their own sign language; sign language is not universal.
• American Sign Language has a unique vocabulary, grammar and syntax that makes it different from spoken English.
Supporting Your Park

Enhance the Visitor Experience

It takes a legion of people working together to protect this special park for you and future generations of visitors. You too can extend your connection to Yosemite well after you return home by getting involved with the organizations that partner to preserve Yosemite.

This publication was made possible by the Yosemite Park Partners listed on this page. Read more below or visit www.yosemitepartners.org to learn more about helping these organizations provide for the future of Yosemite National Park.

The Ansel Adams Gallery

The Ansel Adams Gallery, owned by the family of photographer Ansel Adams since 1902, is a center that celebrates the arts and the natural grandeur of our environment. It cultivates an aesthetic awareness of the arts and the natural grandeur of our environment. It offers visitors a unique variety of literary and art, as well as programs by offering visitors a unique variety of literature and art, as well as programs.

Yosemite Hospitality LLC

Yosemite Hospitality, a subsidiary of Aramark, operates lodging, food and beverage, retail, recreational activities, tours, interpretive programs, transportation, and service stations under contract with the U.S. Department of Interior with a focus on delivering authentic and memorable guest experiences. Yosemite Hospitality is committed to providing park stewardship in collaboration with the National Park Service in effort to protect and preserve the park for millions of park visitors to enjoy. Visit www.TravelYosemite.com for more information.

NatureBridge

NatureBridge provides residential field science programs for youth in the world’s most spectacular classroom-Yosemite National Park. Through active student engagement, our faculty teaches science, history, and the arts and gives these subjects context through personal experience. A NatureBridge learning adventure strives to foster a life-long connection to the natural world and responsible actions to sustain it. Find out more about our year-round programs for schools and summer programs for individual teens at www.naturebridge.org/yosemite

Yosemite Conservancy

Yosemite Conservancy inspires people to support projects and programs that preserve Yosemite National Park and enrich the visitor experience. Thanks to generous donors, the Conservancy has provided $119 million in grants to the park to restore trails and habitat, protect wildlife, provide educational programs, and more. The Conservancy’s guided adventures, volunteer opportunities, wilderness services and bookstores help visitors of all ages connect with Yosemite. Learn more: yosemiteconservancy.org or (415)434-1782.

Yosemite Volunteers: Serving Yosemite

Over 12,407 volunteers donated more than 174,885 hours of service to Yosemite last year, restoring native habitat, working in visitor centers, serving as camp hosts, studying wildlife, cleaning up litter and more. Would you like to serve? We have group and individual volunteer opportunities, both short term and long term. Learn more at: www.nps.gov/yose/getinvolved/volunteer.htm or call the volunteer office at (209)379-1850.

Yosemite Zero Landfill Initiative

Help make Yosemite the first Zero Landfill park in the country. Through the Zero Landfill Initiative, Yosemite is reducing the amount of trash sent to the landfill every year. In partnership with Yosemite Hospitality, we are making it easier to participate by adding more recycling containers with better labels.

Here are 3 things you can do to help:
1. Toss excess packaging before leaving home by repacking food in reusable containers.

Yosemite Name Changes

The names of the following facilities in Yosemite have changed:
- • Half Dome Lodge (formerly Curry Village)
- • Yosemite Valley Lodge (formerly Yosemite Lodge)
- • The Majestic Yosemite Hotel (formerly Ahwahnee)
- • Big Trees Lodge (formerly Wawona Hotel)
- • Yosemite Ski & Snowboard Area (formerly Badger Pass Ski Area)
- • Yosemite Conservation Heritage Center (formerly LeConte Memorial Lodge)

Lost and Found

To inquire about items lost or found at one of Yosemite’s restaurants, hotels, lounges, shuttle buses or tour services, call (209)372-4357. For items lost or found in other areas of the park, call (209)379-1001 or email yose_lostandfound@nps.gov.
