

Backcountry Visitor Registration

Welcome to Yukon-Charley Rivers National Preserve. For your safety, you may leave an itinerary of your trip, which we will keep on file during your visit. The National Park Service does not track your party's progress through the park, but this form could help if you are reported overdue. It is recommended you leave a copy of this form with a close friend or relative for safety/welfare purposes. Contact the Yukon-Charley Rivers Visitor Center in Eagle at (907) 547-2233 or the Fairbanks Alaska Public Lands Information Center at (907) 459-3730 for more information.
