**Website:** [www.nps.gov/zion](http://www.nps.gov/zion)

### **Description:**

The Zion National Park Artist in Residence program offers professional artists the opportunity to live and work in the majestic desert environment of southern Utah for a period of one month. This call for artists applies to four sessions: February 3 – March 4, 2014, April 1 – 30, 2014, September 1-30, 2014, and October 16-November 14, 2014

The works completed under this program will contribute to the public understanding and appreciation of Zion National Park and should reflect the National Park Service's mission to preserve and protect the park's cultural and natural resources.

During the Residency period the artist will be expected to present two public programs, tailored to an individual's medium, interest, and experience. One will take place at Zion National Park and the other at Southern Utah University as part of the Art Insights program. See the application materials for more information.

At the conclusion of the Residency, participating artists will donate an original piece from their Residency in Zion National Park to be placed in the Park's permanent collection.

Zion National Park will work in conjunction with faculty and staff at Southern Utah University in Cedar City, UT to select artists who will work in Zion for the four-week residency period. Selected artists will be given a rent-free, furnished park house inside the park.

For complete details about this program or to download application materials, visit [www.NPS.gov/Zion](http://www.NPS.gov/Zion).
