In non-developed areas, the disposal of human waste within 100 feet of a water source, high water mark of a body of water, a campsite, or within sight of a trail is prohibited (36CFR 2.14). Toilet paper must be carried out.
- Take only pictures - leave no evidence of your visit.
- All food scraps (fruit peels, nut shells, etc.) are considered trash and must be disposed of properly. It is a violation to feed the wildlife, including squirrels.
- Smoking on trails is highly discouraged. Smokers must use caution when smoking to prevent igniting a wildfire. Cigarette butts are trash and must be packed out for proper disposal. Trip leaders/guides should check fire conditions for current restrictions.
