

**ZION NATIONAL PARK
COMMERCIAL USE AUTHORIZATION PROGRAM**

**2019 OPERATING PLAN FOR
TAXI AND RECREATIONAL SHUTTLE SERVICES**

1. Authorized Use:

Taxi Service, Hiker Shuttle Service is authorized for the point-to-point pick-up and drop-off of passengers in Zion National Park at designated parking areas, pullouts and developed areas appearing on the official Zion Park Map available by visiting: <https://www.nps.gov/zion/planyourvisit/maps.htm>. Passengers shall not be picked up or dropped off on roadways or in any area where traffic or terrain creates an unsafe condition. Taxi/Shuttle Services also includes the transportation of park visitors through the park area.

The flagpole located on the west side of the Zion Canyon Visitor Center is the designated pick-up/drop-off area at the visitor center. This designated pick-up/drop-off area is not a parking space. The driver is required to remain with the vehicle while stopped in this area. During the period from 8:00 a.m. to 9:00 a.m., the Interpretive Shuttle Bus has exclusive use of the flagpole area on the west side of the Visitor Center. Shuttle permittees may use the area for loading and unloading as long as this service does not conflict with the Interpretive Shuttle Bus. No taxi/shuttle services or business limited to and/or focused upon Zion National Park are authorized by this permit.

Unauthorized Uses:

A Commercial Use Authorization does not authorize permittees to facilitate any activities or actions that are prohibited in the park. As such river tubing and associated transportation is prohibited in the park. For more information on park regulations visit: <http://www.nps.gov/zion/learn/management/lawsandpolicies.htm>. This permit does not authorize guided tours in the park (see Special Condition #8) or the shuttling of bicycles.

2. Operational Requirements: A list of all vehicles and their license plate numbers to be used in the operation, and a list of drivers and a copy of their driver's license with taxi endorsement must be provided to the National Park Service before the permit is issued. It is the permittee's responsibility to continuously update the list of drivers and vehicles and provide proof that vehicles are covered by insurance. The park reserves the right to refuse entry to any previously undeclared driver or vehicle.

The driver of the vehicle shall be responsible for complying with the requirements of this permit, and ensuring that all passengers are familiar with the safety notice (see Special Condition #8). Gear may be tied to the top of the vehicle, carried inside of the vehicle, or transported in a trailer, but shall not be attached to the sides of the vehicle.

All vehicles used during the provisions of this service must have company identification visible on the driver's side of the vehicle.

3. Driver & Guide Responsibilities: It is the responsibility of the permittee to ensure that all employees are informed of, understand, and abide by the conditions of the permit. Any permit condition violations can result in punitive action (fine, revocation of permit and or arrest) against both the representative (guide), and the permittee. The individual designated as the leader shall be certified in CPR and First Aid. In addition, **the driver shall be familiar with which park activities require a permit and that each passenger has the proper permit for those activities to which the passenger is being transported.**

Acknowledgement of Permit Conditions: All guides and drivers are required to submit an online acknowledgement of CUA permit conditions before shuttling visitors into Zion National Park. This form is available by visiting: <https://goo.gl/forms/N6HFL05Y6U8kkELj2>
