

Zion National Park Plein Air Artist Invitational

November 4 to 11, 2013

Art has played a critical role in the creation, promotion, and preservation of our national parks. Be part of that legacy and follow in the footsteps of Thomas Moran, who first sketched this landscape in 1873.

The Zion National Park Foundation and Zion National Park are hosting 24 artists for a week of creativity and inspiration in the park.

Please get involved! Meet the artists. Attend a lecture. Watch a demonstration. Even purchase a piece of art. Most importantly—be inspired!

All proceeds from the event support Zion National Park's education and art programs.
