Your Safety Is Your Responsibility

PREVENT DEHYDRATION

As you hike you lose water and salt through sweat. Carry and drink at least one gallon of water per person per day. You can get water in developed areas. Do not drink untreated water from springs. Your body needs a healthy level of salt to function so eat a few salty snacks, like salted peanuts, when you drink water.

HARMFUL ALGAE MAY BE PRESENT

Do not drink from the Virgin River. The park is conducting regular water quality monitoring and will issue new health advisories as needed. Check park visitor centers and the park website for current conditions and advisories.

EXTREME HEAT

Heat illness is the cause of many medical emergencies in Zion every summer. It happens when the body gets too warm. Dehydration can make heat illness worse. This leads to heat cramps, heat exhaustion, and heat stroke, which can be fatal.

Symptoms include high body temperature (over 100F, 38C), red, flushed skin, lack of sweat or extreme sweating, stumbling and poor coordination, fatigue, weakness, and confusion or slurred speech. If you recognize any of these signs, stop hiking and immediately find shade, drink water, and get help.

FLASH FLOODS

All narrow canyons are potentially hazardous. Flash floods, often caused by storms miles away, are a real danger and can be life-threatening. You are taking a risk when entering a narrow canyon. Watch for indications of a possible flash flood. During a flash flood, the water level rises very quickly. A flash flood can rush down a canyon in a wall of water over twelve feet high.

If you observe any of these signs, seek higher ground immediately:

- Deterioration in weather conditions.
- Clouds or thunder.
- Sudden changes in water clarity from clear to muddy.

STEEP CLIFFS

Falls from cliffs on trails have resulted in death. Loose sand or pebbles on stone are very slippery. Watch for edges all the time – especially when using cameras or binoculars. Never throw or roll rocks. There may be hikers below you. Stay on the trail and away from cliff edges. Observe posted warnings and keep children away from edges and drop-offs.

ELEVATION

Zion is 4,000- 8,000 feet (1,220 - 2,440 meters) above sea level. If you live somewhere closer to sea level, take it easy on your hike until you know how the elevation is going to affect you.

24-HOUR EMERGENCY RESPONSE: CALL 911

Park emergencies: call 435-772-3322 (daylight hours)

Getting Around

To protect Zion landscapes, plants, animals, and history, park only in designated spaces. For your safety, park rangers enforce laws against alcohol and drug-related driving offenses, including open container violations. For Utah road conditions, please call 866-511-8824 or download the UDOT Traffic app.

CYCLING (E-BIKES AND BICYCLES)

Cycling is permitted on all public park roads and on the Pa'rus Trail.

Cyclists must ride single file and pull over to a complete stop to let shuttle buses pass. Do not pass shuttle busses in traffic lane. Each shuttle bus has a rack for regular-tire bicycles. All other park trails, off-trail routes, and the Zion-Mt. Carmel Tunnel are closed to cycles. Only class 1 pedal-assist E-bikes are allowed and must follow all of the same rules as bicycles.

DRIVING

Drivers, pedestrians, bicyclists, and wildlife all share park roads.

- 35 mph is the speed limit unless otherwise posted.
- Wear a seat belt and use child safety seats.
- Turn off your vehicle if you are stopped (do not idle).

For most of the year, Zion Canyon Scenic Drive is only open to shuttle buses or with a special permit. Your park entrance pass is not a permit.

PARKING

Available on a first-come-first served basis.

RVs and other large vehicle may use the Oversize Vehicle Lot near Zion Canyon Visitor Center. Vehicles that fit through the tunnel without a permit cannot use this lot.

There is paid parking in Springdale.

SPRINGDALE SHUTTLE

For part of the year, you can ride a free shuttle in the Town of Springdale. If it is running during your visit, park at your hotel or an approved parking area, and ride to the park entrance.

ZION CANYON SHUTTLE

During much of the year, the Zion Canyon Scenic Drive is only accessible by shuttle bus. Check the shuttle schedule on the front of this sheet to see when the shuttle is running. Some shuttles only travel down-canyon (towards the Visitor Center).

The buses have room for backpacks, climbing gear, and normal bicycles (E-Bikes do not fit). You may get on and off the shuttle as often as you like.

Only service dogs are permitted on the shuttles. If you have accessibility needs, please speak to a ranger at the Visitor Center.

Zion-Mt. Carmel Highway & Tunnel

The Zion-Mt. Carmel Highway and Tunnel connect Zion Canyon to the east side of the park. **Starting on June 7, 2026, vehicle size restrictions will be enforced on the Zion-Mt. Carmel Highway. Large vehicles will need to take an alternate route.** One-way traffic control through the tunnel will no longer be available.

LARGE VEHICLES

Your vehicle is considered "large" if it exceeds any of these limits:

- **Length:** 35 ft 9 in (10.9 m). Combined vehicles cannot exceed 50 ft (15.24 m)
- **Width:** 7 ft 10 in (2.4 m), including mirrors, awnings, and jacks.
- **Height:** 11 ft 4 in (3.45 m)
- **Weight:** 50,000 lbs (22,680 kg)

TUNNEL TRAFFIC CONTROL

Available until June 6, 2026 from 8:00a.m. to 4:30p.m.

Large vehicles pay \$15 per vehicle for one-way traffic control (includes two tunnel pass-throughs within 7 days). Rangers will stop oncoming traffic so that you may drive down the center of the road in the tunnel.

PROHIBITED ON THE HIGHWAY

- No vehicles over 13 ft 1 in (4m) tall
 - No semi-trucks and commercial vehicles (e.g. box trucks)
 - No vehicles over 50,000lbs
 - No bicyclists or pedestrians.
- Cyclists and pedestrians cannot get a ride at the tunnel. Hitchhiking is only permitted in pullouts. Rangers are not allowed to give or arrange for transport through the tunnel.

Permits & Reservations

[recreation.gov](https://www.recreation.gov)

PERMITS

You need a permit for activities including but not limited to: hiking to Angels Landing, backpacking, canyoneering, climbing bivy camping, and hiking some Wilderness routes.

Scan this QR code to learn about permits. Use free WiFi at a visitor center or Zion Lodge. You can only apply for Angels Landing permits online by 3pm, and using this link takes you to a webpage with more information.

Remember to carry your permit and photo ID with you on your trip. Permits are non-transferable.

CAMPING

You need a reservation to camp in any of the park's campgrounds. To make a reservation, visit www.recreation.gov or call 877-444-6777.

Camping is not allowed in parking areas or pullouts.

CAMPFIRES

Campfires are only allowed in metal campground fire rings. Fires are never allowed in Wilderness.

Sometimes, especially during the summer, campfires are not allowed due to risk of wildfire.

Statewide fire updates at utahfireinfo.gov

Ranger-led Programs

Shuttles from the Museum only travel down-canyon towards the Visitor Center.

Learn about Zion by participating in a free ranger-led program.

Program schedules are based on ranger availability. Free, advanced reservations may be required and can be made at the Zion Canyon Visitor Center.

Check park visitor centers, bulletin boards, and online for times and information about programs. Topics include geology, plants, animals, human history, and more.

Visitors ages 4 and older can earn a badge by completing the Zion Junior Ranger book. The book is available for free at park visitor centers and the Zion Nature Center through the summer.

NATURE CENTER

Open daily 12 p.m. to 5 p.m. from May 22 to September 7.

The Nature Center is next to the South Campground off of the Pa'rus Trail. The shuttle does not stop here. Limited parking is available.
